Division of: Behavioral Studies

Person Responsible: Jerry Moller

Department of: Child Dev. Lab School

Person Responsible: Whitney Crain

Purpose Statement:

The Amarillo College Child Development Lab School provides early care and education for children three months to five years old. Admission to the Center is open to children of students, faculty, and staff of the College. Children of parents not connected with the College are admitted on the basis of space availability. The Lab School welcomes families of all socio-economic, racial, ethnic and religious backgrounds. The Lab School is open to students and faculty for observation and study for educational and training purposes.

Goal Statement #1:

To provide high quality developmentally appropriate education for children ages (3) three months to (5) years.

Objectives/Outcomes (including assessment tools and standards):

After completion of an annual NAEYC program review, program will meet 80% of compliance in all 10 Program Standard Areas. If program meets less than 80% on any Program Standard, the program will target criterion within that Standard for 5% improvement.

Results: 2009-2010

91% or above in all 10 areas
