

Planning and Evaluation Tracking

College Year: 2010-2011

Division of: AH

Person Responsible: Bill Crawford

Department of: EMSP

Person Responsible: Doug Adcock

Purpose Statement: Provide educational services for candidates seeking initial EMS Certification/Licensure and Continuing Education opportunities for currently certified/licensed EMS Professionals and other healthcare workers.

Goal Statements	Objectives/Outcomes (including assessment tools and standards)	Results	Use of Results (including improvements and revisions)
1. Maintain educational standards that will assure the student passes National Registry (NR) certification exam.	1. Tool: YTD results from NR certification examinations are available to the program Director online. The Director will assess the student pass rates annually. This data covers the graduating class of 2009 (May 12, 2009 - May 11, 2010) Standard: 85% of the students will pass the NR exam within one year after graduation	1. 90% (9/10) of the students passed the NR certification exam within one year of graduation.	1. Analysis: Standard was exceeded by 5% with 90% of the students passing the NR exam within one year of graduation. Note: National average for the same time period was 85%. Plan: Continue capstone course in the final semester to better prepare the student for the NR certification examination. Monitor trends for two-year period to identify opportunities for improvement.

2. Guide students to pass the NR certification examination on the first attempt.

2. Tool: YTD results from NR certification examinations are available to the program Director online. The Director will assess the student first attempt pass rates annually. This data covers the graduating class of 2010(May 12, 2009-May 11,2010)

Standard:
70% of the students will pass the NR examination on the first attempt.

2. 70 % (7/10) of the students passed the NR certification exam on the first attempt

2. Analysis:
Standard was met the standard with 70% of the students taking the examination passed on the first attempt.

Note: National average first attempt pass rate was 70% for the same time period.

Plan:
Continue capstone course in the final semester to better prepare the student for the NR certification examination. Monitor trend for two-year period to identify opportunities for improvement
