The Smart Boards will replace the current dated equipment in those classrooms and provide support for the math course redesign undertaken in year four of the grant. This equipment purchase was already approved by the Department of Education.

Dr. Woodburn moved to approve the purchase of HSI STEM grant equipment. Mrs. Carlisle seconded the motion. The motion carried unanimously.

CONSIDERATION OF APPROVING INTERLOCAL AGREEMENT WITH THE AMARILLO INDEPENDENT SCHOOL DISTRICT

Mr. White shared that the Community and Enrichment Program hosts the Kids College event annually, previously at various locations, and is now planning to move it to Amtech for improved accessibility and no cost, aside from custodial services. He explained the need for an interlocal agreement with AISD. This will save the college \$10,000.

Ms. Fortunato inquired about the automatic renewal clause, specifically the 30-day termination notice in paragraph 8, and asked if it could be extended to 60 days. Mr. White clarified that the agreement is broad by design and includes Exhibit A, which covers Kids College and any future partnerships with AISD. Mr. Barrett noted the agreement is also pending approval by Amtech's board and emphasized the mutual benefits for both institutions.

Ms. Thomas moved to approve the agreement. Dr. Woodburn seconded the motion. Ms. Fortunato raised an inquiry about the automatic renewal clause, requesting to extend the 30-day termination notice in paragraph 8 to 60 days. Ms. Thomas amended her motion.

INVESTMENT REPORT

Mr. Sugden presented the quarterly investment report to the Board.

Dr. Proffer moved to approve the quarterly investment report. Mr. Mize seconded the motion. The motion carried unanimously.

FINANCIAL REPORTS

Mr. Sugden presented the February 2025 financial report, highlighting a 5 million year-over-year decrease, primarily due to bond project construction. He continued to the next page that discussed current liabilities and discussed a bond payment made of 8 million dollars that compared to previous years reduced the overall liability by about 6 million dollars. Operating revenues increased by 7 million—largely due to foundation support—while operating expenses compared to previous years rose by 5 million, which Mr. Sugden attributed to architecture fees and bond construction.

Mr. Mize inquired about enrollment. Mr. Austin reported a 2% increase in credit hours and that day-to-day enrollment is flat. The college has outperformed the five years average, every year for the last four years, in full time enrollment while part-time enrollment has also been declining. Mr. Austin emphasized the impact of outcomes-based funding, noting AC’s strong performance despite a smaller population base. He credited this success to ongoing improvements in retention and graduation. Ms. Skinner added that the college is maintaining strong performance. The board discussed the value of dual credit offerings.

Mr. Austin emphasized the importance of students completing 30 credits in their first year, calling it the magic number for success and highlighted the college’s investment in success coaches, who work closely with students to provide support. Dr. Sobey added that current fall-to-spring retention is just under 80%, fall to spring retention for part-time students is up nearly 5%—a notable achievement attributed to the coaches’ focus on first-time college students. These trends are seen as promising indicators for future fall-to-fall retention gains.

Mrs. Carlisle motioned to accept the financial reports. Dr. Proffer seconded the motion. The motion carried unanimously.

Minutes of the Amarillo College Board of Regents Regular Meeting of March 25, 2025
