

**Agenda**  
**Support Sub Team – Angel Implementation**  
**08/05/08**

1. Review the process for Angel's selection at AC
2. Discuss actions by the sub team leader group
  - Training
    - i. Admin training -- online
    - ii. Instructor training -- online
  - Configuration of our Angel site
    - i. Ongoing process
    - ii. Implementing new features/maintaining legacy protocols
3. Do we have the right members in this group?
4. Demo of some support sites identified by our team
  - What common themes can be identified?
  - What features do we want to make sure we incorporate
5. Discussion of sandbox experiences
  - Would a “buddy” for working in the sandbox help?
  - How about a “look what I can do” exchange at meetings or online?
6. What else?

Action items for next time:
