#### Minutes of the Amarillo College Board of Regents Regular Meeting of April 25, 2016

#### Legislative Affairs Committee - Carlisle-Chair, Miller, Nossaman, Barrett

Ms. Carlisle noted that the legislative session is looking better for community colleges this year. There is an understanding on the part of the legislators that community colleges were short-changed in the last session. The Senate budget is better for community college than the house budget and Senator Seliger has worked on AC's behalf. The Board should remain diligent and monitoring happenings in Austin as the budget moves forward. One bill on the hearing schedule would move dual credit to only core curriculum which could have an impact on degrees and diploma programs for high school students.

#### Community College Association of Texas Trustees (CCATT) – report by Barrett

CCATT and TACC are working hand in hand and support what Ms. Carlisle reported from the legislative committee. At this year's AACC conference, the president of TACC at Alamo College complimented Jay Barrett on his work with CCATT.

#### Nominating Committee - Nossaman-Chair, Proffer, Barrett

The committee met recently and proposes the following slate of officers for 2017-18: Chairman – Dr. Paul Proffer; Vice Chairman – Mr. Johnny Mize; Secretary – Ms. Anette Carlisle. These recommendations will be on the next Board agenda.

Art Force report by Dr. Nossaman: Art Force has worked for 25 years supporting fine arts and music in Amarillo. Recently, they subsidized June Jazz. Their largest fundraiser is the Art Force Cooking Schools held in the spring and early summer at local homes and businesses. He provided the Board with this year's schedule and noted that almost all tickets have been sold.

#### PAY FOR PERFORMANCE

Dr. Lowery-Hart introduced the faculty team that has worked for two years on an evaluation system for pay for performance for faculty. Mr. Nancy Forrest presented their work. At a previous meeting, she had discussed the process and some concerns of faculty. They have concluded their work and are ready to begin implementation. The same team will continue on for the next year to provide continuity. Members of the committee have visited every department and all faculty have had the opportunity to hear the proposal, provide input, and discuss concerns. Faculty concerns were addressed.

- Favoritism rubric was created for each area based on numeric metrics
- Heavy workload on supervisors due to required evaluations for every employee every year rubric should make the evaluation easier and narratives have been limited to 250 words per rating area
- Faculty's dislike of self-promotion Faculty created measurable statements to be entered into Cornerstone that may be checked without a narrative required
- Lack of participation in the student evaluations Ten new questions which address delivery and assessment were written and will be placed at the beginning of the evaluation

Both the self-review and the supervisor review are based on a scale of 1-5. The review is based on instructional design, instructional delivery, instructional assessment, and resource management. A limited narrative is required and everything may be completed in Cornerstone. A rating of 1 will require an improvement plan.

Ms. Forrester noted that the Administrator and Classified evaluations are working well and have received good reviews from administration. The Board and Dr. Lowery-Hart commended this committee for their work.

#### SACS UPDATE - 5<sup>TH</sup> YEAR REPORT

Dr. Tamara Clunis introduced Tina Babb, Director of Institutional Effectiveness. Amarillo College received reaffirmation in 2013 and is now preparing the interim 5<sup>th</sup> year report which is due in September 2018. This report must be on target and is voted up or down by the review board. The decennial report with an on-site visit will be in 2022 with the goal of receiving reaffirmation in 2023. Dr. Clunis and Ms. Babb are putting forward a plan that moves toward continuous improvement and are working with the Vice President of Business Affairs. The most cited standard is 3.3.1.1. Institutional Effectiveness: Educational Programs. Dr. Lei Wang from Tallahassee is a top specialist in this area and is our external consultant at no cost to the college. Dr. Clunis indicated that a research assistant will be needed to support Ms. Babb who reviewed the timeline provided to the Board in a handout. The college is now in the evidence collection phase using ten committees established last fall. Evidence and documentation will be provided to an Oversight Committee to provide guidance and feedback as they draft the 5<sup>th</sup> year reports and final report. Some standards may change in December 2017 affecting the report. The Center for Teaching and Learning will be utilized to build capacity and some academic deans will attend the summer SACS institute to become more familiar with the accreditation process.

#### **NO EXCUSES 2020**

The Board viewed the student video which showed another student has dropped out. He was over 25 and in a technical education A.A.S. program. Mr. Witherspoon provided his data on students who attended summer classes after being enrolled in the Spring versus those who do not. There was a 30% improved retention rate from Spring to Fall when a student attended at least one summer course. He matched demographics and only looked at Amarillo College students, not those taking a summer course while attending another college. He started with Spring 2014 and found similar results for Spring 2015 and 2016 students. The data reflects that a student who takes summer courses is much more likely to return in the Fall. He also found the same results with first time in college students. Summer courses will become a part of the pathway plans and will help students get through and graduate or transfer more quickly. His data indicates that students who pass the 24 hour mark are more likely to complete. The college is building more intentional schedules based on data.

Mr. Smith has worked on a financial model that would incentivize students. Summer enrollment helps the college's budget. Summer I and II will remain 5-1/2 week courses. Mr. White is working with the AC Foundation to identify more availability of summer scholarships. Congress is considering allowing the use of excess PELL for summer classes which would also help students.

The Board expressed their appreciation for Mr. Witherspoon's clear presentation of data.

Dr. Lowery-Hart reported that at this year's American Association of Community Colleges Annual meeting, Amarillo College presented with Lansing Community College and had the opportunity to share the Bellwether presentation. The college was a finalist for the Student Success Award and Eddie Carter received the award for Faculty Innovation. Her speech received a standing ovation. The national spotlight affirms what the college is doing.

Dr. Lowery-Hart and Ms. Fortunato gave a short presentation on the Bellwether Award to THECB his month. The members of the Co-Board could relate to the student's stories and were reminded that students are the center of what they do. They affirmed that AC is moving the right direction with the right people, philosophy, and leadership.

and Moore County wish to renew the contract for assessment and collection of taxes for the period covering July 1, 2017 through June 30, 2018. A copy of the contract is attached at pages <del>155 through 158</del> 178 through 181.

#### RECORDS MANAGEMENT ANNUAL REPORT

Mr. Smith noted that it is a formality that all records be reported to the Board. 440 cubic feet of records were destroyed in November 2016.

No action was required on this item.

#### FINANCIAL REPORT APPROVED

The March 2017 financial statements are attached at pages 161 through 168184 through 191.

Mr. Smith provided an example of zero based budgeting and reviewed the financial statements. He noted that the college has spent \$2M less than at this time last year, and with the exception of some necessary IT purchases, nearly every category is lower. 72% of the budget is related to employee salaries and benefits. Expenses are trending significantly lower than last year while still giving a raise.

The zero-based budgeting process is granular and looks at individual departments over the past four years. He noted that there will be times when it is necessary to increase budgets to increase revenue. For example, additional adjunct requests might indicate the need for a new faculty line. Increased student budget request in English is due to the expansion of the tutoring center. All budget requests to date have come in higher than last year. Mr. Smith reviewed the new forms used for zero-based budgeting. These forms include a "wish list" that, if not funded in the budget, might become opportunities for grants or donations. The cabinet will have a budget retreat on April 28 which will result in the first draft of the budget. The cabinet will also work on action points over the next year.

Mr. Miller moved, seconded by Dr. Proffer, to approve the March Financial Report. The motion carried unanimously.

#### SUCCESS IS

Our brand "Success Is Amarillo College" will allow for the curation of expectations, memories, stories, and relationships that empower students to enthusiastically choose Amarillo College. The campaign will highlight the College's impact on improving the lives of students, their futures, and the overall quality of life in the Panhandle.

### Volume 66 Page 176 Minutes of the Amarillo College Board of Regents Regular Meeting of April 25, 2016

Chris Hayes introduced Wes Condray and Kevin Ball. He acknowledged the great work they have done on this project. After looking at the Strategic Plan and meeting with their team, they have come up with the "Success Is" premise – success in universal, success is aspirational, success is our students, success is Amarillo College. Their first iteration is "Success is Summer at AC." They showed the fly over video of the campus and the summer student video and provided examples of flyers to be used around campus and web banners. The flyers are student centered and showcase the value of a college degree over a high school diploma. The campaigns will be running on social media. All work will be done internally using AC student and campus photos. The campaign will change in the Fall and will be a focused message for the next several years.

The Board thought the campaign, videos, and printed materials were young, fresh, and professional. The complimented the staff of Communications and Marketing. They are providing a cohesive message supported by data.

No action was required on this item.
