C	Brendon Foster	4 Student Reps	Amarillo College		

AGENDA ITEM	ACTION DISCUSSION INFORMATION	RESPONSIBILITY
<b>Call to Order</b>	Introductions and approval of minutes	
<b>Approval of Minutes</b>	Motion- Larry, Second Deedra	
<b>Health Science Advisor Report</b>	Sandra mentioned they are busy with summer and fall registration. Helping students with graduation and assisting with the new Student Planning Portal.	Sandra dela Rosa

<b>Student Report</b>	Brendon – thanked Tamra and the clinical sites for allowing him to be in program	Brendon Foster
<b>Director’s Report</b>	Will have one co-hort in summer. Awarded Outstanding Clinical Student award to Hailey Burnett. Students were in Dallas for all day review, received a book to study. All students passed Capstone. Test was hard...should have test results by Friday the 11 <sup>th</sup> . Decontamination exercise was enlightening. What would exercise look like if Pantex had to decontaminate. Survey from the: City of Amarillo did not understand how contamination spreads. Tamra mentioned grad rates are at 87% well above average over five years. Nuclear Med program is 60 hours. Requesting 6 more hours. Will have to submit paperwork...ongoing assessment. Capstone harder each year 77.5% pass rate. The current graduating class...components of preparedness papers turned in 80 to 200 pages. All students met with Tamra one on one. Review will not go away. Howard mentioned it was a good review. Kayla going to Lubbock once a month. A lot of exposure to different studies. Clinics like the students. Lubbock does more specialty exams. Tamra mentioned different equipment is being used at some of the clinics. UMC gave AC lead aprons, 3 syringe shields, and DTPA lung ventilation equipment for the Nuclear Med program. Both Nuc Med co-horts donated food to senior citizens for weekend snack packs. In reference to employment, students who want to work in Nuclear Medicine can get a job. Tamra has received a lot applications to the program. Will be reviewing these.	
<b>Affiliation Reports</b>	Larry – things are good...appreciates Kayla. Marilyn – students are great. Deidra – everything is going well. Have really good students. Enjoys watching students grow. Diana – Students doing a really good job.	
<b>CCHcE</b>	Held Radiology symposium. No Nuclear Med. presentations several people stated they are interested in Nuclear Med and Sonography. October 6 Fall Conference. Kayla went to SW Chapter in Dallas with students. One hour lunch for CE in ADA Compliance in Clinical education. Hoping to get the same speaker to present at AC CE.	
<b>VP of Academic Affairs Report</b>	N/A	
<b>Dean of Health Sciences Report</b>	Mark asked Brendon if he needed anything...Brendon was ok. Tamra talked about programs of study...could transfer to universities for Bachelor. Nuc Med is a terminal degree. Feels Brendon could get into another institution easily. Offer APII and put 4 hours back to practicum. It would be 2019 before we could do that. Mark Thanked everyone for attending and supporting the program. Kim stated it was wonderful to see everyone.	
<b>Adjournment</b>	Adjourn: 7:51 AM	

Date: 5-8-18

Executive Secretary Signature: Janet Barton - *Janet Barton*

Next Meeting: TBD
