Minutes

Sonography

The following message was sent to all members of the Academic Affairs Committee on Tuesday, May 11, 2010:

Attached are documents submitted by Bill Crawford to pursue the implementation of a Sonography Certificate program. After the Academic Affairs committee grants approval to pursue the program, the Board of Regents must also approve the request. A certification form will then be submitted to the Texas Higher Education Coordinating Board, the request will be posted for public comment for 30 days and, barring any objections, the new program will be approved for implementation in Fall 2010.

The initial request is for a Sonography Certificate. However, the program is an Advanced Technical Certificate and admission to the program requires completion of an AAS in a health related field or a baccalaureate degree or higher in any major. Bill Crawford indicated he will submit a request during the 2010-11 academic year to replace the certificate with an AAS in Sonography. If approved, the certificate will not appear in the online catalog or the printed program/course guide because those have already been finalized.

As a member of the Academic Affairs Committee, please submit an email response to me indicating your approval to pursue the implementation of the Sonography Certificate by Friday, May 14, 2010.

Feel free to contact me with any questions.

Carol

Approval: Bob Austin, LaVon Barrett, Carol Buse, Toni Gray, David Hernandez, Judy Jackman, Judy Johnson, Courtney Milleson, Jerry Moller, Terry Moore, Jason Norman, John Robertson, Jack Stanley, Carol Summers, Henry Wyckoff
