STUDENT GOVERNMENT ASSOCIATION REPORT:

Mario Villarreal, representative chairman, SGA, reported that SGA students recently went to Whittier Elementary School and talked to the students about respecting the principal and the teachers. The Distinguished Lecture Series will be held on March 5; Aron Ralston will be the guest speaker. Due to the blizzard, SGA rescheduled comedian Ty Barnett until March 19. Twenty-four SGA students and six from Moore County Campus will be attending the state convention in April.
EDUCATION REPORT – STUDENT SUCCESS NO EXCUSES UPDATE:

Dr. Lowery-Hart, Mrs. Sessler, and Mrs. Rider presented the report. The No Excuses Initiative is to move students from poverty to completion. Texas is the eighth poorest state in the U.S.; 4.4 million live in poverty; 26% of children live in poverty. The U.S. poverty rate is the third worst among developed nations. Fifty-seven percent of AC students live in poverty. Two years ago, Dr. Donna Beegle, CEO and President, Communication Across Barriers Inc., came to Amarillo to address the poverty issue in our community. Dr. Beegle grew up in generational poverty. Her parents and their parents lived in poverty. She was homeless for a number of years of her life. Her work is devoted to helping those who do not live in poverty learn how to become mentors to those who do live in poverty. The top ten needs of students include: transportation, shelter, legal issues, utilities, food, clothing, childcare, medical/dental/vision, emergency referrals, and counseling. Life challenges that negatively affect college goals are personal, financial, academic issues, and family obligations. AC had to come up with a systemic response to our students in need. AC has integrated with community partners. The AC Social Services Coordinator connects students to people and support services. A website was created to assist Amarillo College employees and students. Sometimes students have individual concerns and situations that need to be addressed in order for them to be successful in school. The Early Alert System was created as a pilot and there were 799 alerts in fall 2012; faculty and staff identified the needs of the students and identified the intervention plans. AC operates a food pantry which served over 100 students in fall 2012; they partnered with the High Plains Food Bank and are funded by AC faculty and staff. The Benefit Bank helps students in financial matters and offers free tax and FASFA filing to apply for student aid. The Navigator Program has specialty coaches for AC; it is a one-year commitment; volunteers provide service in their area of expertise; coaches work closely with the Social Service Coordinator. The Champions/Coaches Program is a mentoring program for under-resourced students; the program works with students on fall to fall retention. Some students become peer coaches and help other students. All coaches have been trained in helping with poverty needs.

TAX ABATEMENT RESOLUTION, GUIDELINES, AND CRITERIA ADOPTED:

Pursuant to Tax Code Section 312.002 the guidelines and criteria are only effective for two years. A resolution and guidelines and criteria must be renewed at this time and are attached at pages 130 to 133.

Through the use of an Interlocal Agreement, AC proposes to contract with Panhandle Regional Planning Commission (PRPC) to provide the administrative services for a fee of $50,000 funded by the grant. PRPC has prior experience in the management of EDA grant projects similar to the one awarded to AC.
