5. Student Representative – Ms. Patrick stated that the students had three items they wanted to discuss. The first item: changing the color of the scrubs to black. The committee decided to table this item for now. Second item: students want a 45 min. – 1 hr. lunch while at clinic. The committee decided it would be best to leave the lunch as is (30 minutes). Third item: students want a personal day during their clinic time that they would not have to make up. The committee decided it would be best to keep it as it is because the students have to have a certain amount of hours in clinic.
6. Medical Director's Report – Dr. Byrd thanked everyone for all their hard work and he appreciates Mark Rowh and Amarillo College for everything that they do for the program.
7. Director's Report – Rowh thanked everyone for all their hard work in helping the students in the clinic. In March, the Rowh and the students will be attending the Southwest Chapter Meeting. The students have raised money to fund their trip, such as selling t-shirts, working the concession stand at the ranch rodeo, plus the SGA gave them \$3000.
