6. Student Representative – Gerald Gregory, Sophomore Student, replaced Kelle Campbell as the student representative, as Campbell had a sick child and was unable to attend the meeting. Gregory asked the committee if students could make up their clinic time at BSA on Saturdays. The committee agreed, as well as the BSA representative, that students could make up their time at BSA as long as all options to make up with their primary clinic were tried and unavailable.

8. Director's Report
  - A. 51<sup>st</sup> Southwest Conference of the Society of Nuclear Medicine – Rowh and 16 students attended the conference in Albuquerque, April 5-9 2006. The students raised \$12000.00, plus received another \$3200 from SGA.
  - B. Clinic Make-Up – Rowh reminded the committee that students are responsible for handling any make-up hours that they need.
  - C. Appreciation - Rowh thanked the committee for all their support!
  - D. Accreditation Report – The site team that was here last fall cut one student from the VA hospital (they normally take 2 students). The students are disappointed because they enjoy the one on one radiation safety they get at the VA, per Gregory. The VA Hospital and Rowh are both challenging that decision and hope to hear something soon. The team also sited the program because they were not pleased with the joint venture between the city and the college regarding the library located near the west campus. Rowh challenged that too and it has since been taken off of the report.
