Clinical educators reported that things are going well. Patterson stated they Committee are in need of more PRN people.	Chambers reported: Last year talked about keeping the freshman on campus the first semester and not send to clinical. Agreed they will spend first semester in labs. Was a good ideal and will do again next year. Will try the first semesters with the incoming students, 12-14 students in clinical sites fall and summer so they can rotate through. Have 27 sites right now Spring rotation will have 22-26 students the whole semester. Want to do some kind of insinuative to get students that's graduating to registry. Hired a new part time clinical coordinator – Cenna. Started something new Mentorship program, every freshman is assigned to a sophomore as long as they are in agreements. The sophomore views the scans they have something they work for in scan and give feedback. It's helping the freshman because they are getting constant feedback from the scan. It's helping the sophomores because instead of supplied their pictures they are having to critic so they are more careful of the image quality. It's working well. Students are able to bring in OB scans. To be legalize we have them sign a waiver. Tech 14 – 100% under me 12 graduates this month and 3 job offers	Foster thanked clinical sites on behalf of all of the sonography students. Foster stated that the only thing that she would like to see different is to have more scanning time. Masterson reported that everything is going well. Brittani Masterson	Herrera introduced new Health Science Advisor Sandra De La Rosa. De La Rosa is the Health Science Advisor for the Washington Street Campus. She is helping with all 16 Health Sciences and Nursing. Herrera is helping students upload their applications for the Fall. Applications are due by May 31st.
Committee	Megan Chambers	Sue Foster Brittani Masterson	Javier Herrera

	Weboch Brown	
Next Meeting: Spring 2018		Date: 5/9/17
Linda Patterson	Being no further business the meeting was adjourned at 1:12 p.m.	Adjournment
Mark Rowh	Rowh thanked everyone for coming and for their continued support of the Mark Rowh program.	Dean's Report
Susie Wheeler	Interim Vice President/Susie Wheeler Wheeler congratulated students that's getting ready to graduate. Wheeler asked if there were any men in the program. There's currently three men in the program. There's currently three men in the program and this is the first time. Wheeler think mentoring is a great ideal.	Interim Vice President/Susie Wheeler
Melissa Burns	ABSENT	Continuing Healthcare Education
