Industrial Technology

	Name	Employer	Email	Accept	Reject	Comments
1	Michael Wilson	Phillips 66 Pipeline LLC	michael.d.wilson@p66.com	X		I agree with the proposed changes. I think adding electrical testing and maintenance to the fundamentals is a good change.
2	Ricky Martinez	Rawson	ricky.martinez@rawsonlp.com			
3	Torey Mahanay	Mahanay's Heating & Cooling	mahanayhc21@hotmail.com			
4	Guadalupe Campos Jr.	Grizzle Heating & Air	campos@grizzlehvac.com	X		I am fine with and vote for the changes.
5	Simmie Callahan V	Plains Plumbing	cinco@plainsplumbing.com			
6	Frank Wilburn, Sr.	Frank's Repair Plumbing	frank@franksrepairplumbing.com	X		*Late The curriculum looks good to me.
7	Gary Marcum	Patrick Heating and Air	garym@patrickcompanies.com	X		I agree with proposed changes.
8	Phillip Laub	Affiliated Foods	plaub@af.ama.com			
9	Lance Keys	ASARCO Refinery	lkeys@asarco.com	X		Kim, this looks like a very well rounded set of courses. I approve of the changes. I think that if an individual really wanted to be successful, this would be a great start.
10	Max Grant	Amarillo Gear Company	mgrant@amarillogear.com	X		This looks good. I like the proposed you have for Industrial Maintenance.
11	Eric Ozier	City of Amarillo, Rick Husband International Airport	eric.ozier@amarillo.gov	X		Looks good to me!
12	John Kelly	City of Amarillo, Rick Husband International Airport	john.kelly@amarillo.gov			
13	DeWayne Musick	Owens Corning	dewayne.musick@owenscorning.com			
14	Kasey Kuriyama	Cactus Varied Industries	kasey.kuriyama@cactusfeeders.com	X

15	Todd Stavenhagen	City of Amarillo	todd.stavenhagen@amarillo.gov	X		Thank you for allowing me to review the curriculum for the Industrial Technology department for Amarillo College. At this time I do not see any issues with the changes made with the new curriculum. I believe it is vital to continue with the math and writing portion of the curriculum. It is important that a graduate posses the ability to communicate effectively with customers and supervisors. Basic math skills are needed in all areas of construction and maintenance; this gives the student the ability to figure load calculations as well as the ability to create an invoice for a completed project. This program is benefitting local business by creating a new workforce in the commercial and industrial trades. I look forward to working with you in the further and feel free to contact me as needed.
16	Joel Ramirez	Grizzle Heating & Air	joelramirezintexas_01@yahoo.com	X		*Extra Approve the curriculum changes!
17	Michael Padilla	City of Amarillo	michael.padilla@amarillo.gov	X		*Extra I think the new changes look great, will give some opportunities for change to young students in the newr future. I vote for all the changes included on the new curriculum.
