Machining Technology

	Name	Employer	Email	Accept	Reject	Comments
1	James Baker	Amarillo Gear Company	jbaker@amarillogear.com			
2	John Cunningham	Amarillo Gear Company	jcunningham@amarillogear.com	X		I agree with the changes and the continued support of the NIMS certification. I appreciate your efforts in refining the class offerings supporting industries such as ours.
3	Karyn Pierce	Amarillo ISD	karyn.pierce@amaisd.org	X		I too agree with the changes as well as continued support of the NIMS credentialing. In looking at the Machining Fundamentals Certificate.....I'm assuming we would re-evaluate our articulation/dual-credit agreements moving forward for the Level 1 Certificate since two courses are being replaced. Thank you so much for your guidance and direction!
4	David Gibson	Amarillo ISD	david.gibson@amaisd.org	X		I agree with the changes and the continued support of the NIMS certification. We should meet sometime to discuss the changes made to the level 1 certificate going forward and the effect on current students.
