

Planning and Evaluation Tracking

College Year: 2004-05

Division of: Allied Health

Person Responsible: Bill Crawford, Chair

Department of: Occupational Therapy Assistant

Person Responsible: Sheree Hilliard Talkington, Director

Purpose Statement: The occupational therapy assistant program is dedicated to providing quality technical preparation including didactic, laboratory and clinical education that will guide students toward educational success leading to entry level employment in the profession of Occupational Therapy so that they may enhance the quality of life in our community through the direct provision of services to persons of all ages with a wide range of medical conditions.

Goal Statements	Objectives/Outcomes (including assessment tools and standards)	Results	Use of Results (including improvements and revisions)
1. Prepare course material so that information is presented in a sequential and understandable manner between co-required courses to guide students toward educational success	1. 90 % of the students enrolled in each level of classes will successfully complete OTA classes each semester. TOOL: Final grade report	1. 98% of students successfully completed OTA classes scheduled each semester.	1. Revise sequence of content between co-required courses, revise curriculum design, emphasize the professional aspects of the program, and create a professional atmosphere for students.
2. Prepare the graduate to successfully complete the certification examination and state licensing requirements within 6 months of program completion.	2. 90% of the students who take the certification exam will pass the first time, 100% within 1 year while 100% eligible candidates will obtain state licensure TOOL: NBCOT report and ECPTOTE confirmations	2. 100% of students successfully passed the certification exam on the first attempt. Not all certificants have taken the exam. None have achieved permanent state licensure. Results are not consistent year to year.	2. Improve academic and testing abilities of students through addition of a capstone course, use application process to determine needs of students for additional counseling in academic skills.

Goal Statements	Objectives/Outcomes (including assessment tools and standards)	Results	Use of Results (including improvements and revisions)
3. OTA students will be aware of the safety precautions and treatment indicators when choosing and implementing treatment activities and modalities for clients in any OT facility with a grade of 75 or better.	3. 80% of the students will complete lab practicals, courses, practicums Level I and II as well as certification with a grade.score of 75% or better TOOL: ECPTOTE report, final grade report	3. 98% of students enrolled successfully completed all requirements with a grade of 75% or better. Results are not consistent year to year.	6. Revise sequence of content, emphasize the professional aspects of the degree program, and create a professional atmosphere for the students
