

Planning and Evaluation Tracking

College Year: 2007-2008

Division of: Allied Health

Person Responsible: Bill Crawford, Chair

Department of: Pharmacy Technology

Person Responsible: Shawna Lopez

Purpose Statement: The Amarillo College Pharmacy Technology program is committed to providing much-needed local, regional, and other Texas medical employers with qualified entry-level Pharmacy professionals through a comprehensive didactic, laboratory, and clinical curriculum that complies with all the requirements of the Texas Higher Education Coordinating Board. *Revised 10/09/2007*

Goal Statements	Objectives/Outcomes (including assessment tools and standards)	Results	Use of Results (including improvements and revisions)
1. Prepare student to perform entry-level pharmacy technician duties.	1. After completion of 160 hours of clinical practicum, students will be able to demonstrate entry-level pharmacy technician skills with 78% or better competency as assessed by clinical evaluators.	1. No results yet	1. Plan to revise evaluation tool currently in use.
2. Prepare the student to be able to successfully complete a program comprehensive evaluation tool as part of the final Pharmacy Technology course.	2. After completion of the Pharmacy Technology program, each student will be able to pass a program comprehensive evaluation tool prior to graduation with a minimum score of 70% or better.	2. No exit evaluation tool is in place at this time.	2. Develop a comprehensive exit evaluation method using input from the program's instructors and pharmacists on the advisory board.
3. Prepare the graduate of the program to successfully complete the Pharmacy Technician Certification Board Examination.	3. After completion of the Pharmacy Technology program, 90% of graduates will pass the certification exam on their first attempt.	3. No official results from the certification board are available at this time.	3. Develop a certification review course available through WECM and develop a method of tracking pass/fail rate of graduates who take the certification exam.
