

Planning and Evaluation Tracking

College Year: 2007-2008

Division of: Finance and Adm. Services Department of: <u>Purchasing/Records</u> <u>Retention</u> Person Responsible:<u>Terry Berg</u> Person Responsible: <u>Vickie Shelton</u>

Purpose Statement: Assure the procurement of goods and services for AC in an ethical and legal manner while utilizing best practices.

Goal Statements	Objectives/Outcomes (including assessment tools and	Results	Use of Results (including improvements and
1. Reduce the length of time for	standards) 1. a. After completing	1. a. June 2006-October 2007	revisions) 1. a. After successful
vendors to be paid by assuring that employees with purchasing privileges comply with purchasing procedures.	nandatory training, employees who repeatedly do not follow purchasing procedures, will completely and accurately comply with PO procedures 100% of the time, as measured by a log maintained by purchasing.	Total trained=42 100% compliance of ones trained	 a. After successful completion of training, attendees are complying. Action plan: Any individual who is non-compliant will be asked to attend the requisition training offered through POD at the next scheduled time. These trainings will be scheduled several times during the year. b. Compliance was not up to expectation, will revise objective to get compliance.
	 b. After attending the training, AC departments will comply with purchasing notification procedures 100% of the time as measured by central receiving log. (Objective revised 11/07) 	 b. only 74% in compliance with turning in paper work 	
	 b. After notifying AC departments within 1 week of material delivered, AC departments will submit receiving copy of PO to purchasing 100% of time, 		

	for timely payment of invoices as measured by the central receiving log.
2.Standardize labels on boxes for storage, retention and inventory purposes.	2. a. Accurately identify items for storage by holding training sessions with AC departments to inform them of rules to follow, for 80% compliance as measured by database record system.
