

## Planning and Evaluation Tracking

College Year: 2007-2008

Division of: Enrollment Management

Person Responsible: April Sessler

Department of: Student Activities

Person Responsible: Heather Atchley

**Purpose Statement:** To provide co-curricular opportunities for students to enhance their social, organizational, and leaderships skills and provide opportunities to engage with the college and community both in and outside the classroom.

1. Participation in Badger Boot Camp will increase student academic success and retention. (2007-2008)	1a. After attending Badger Boot Camp in the summer, 80% of participants will complete the following fall semester with a GPA of 2.0 or higher (via Datatel query).	1a. 2007FA = 73.91% N = 161 119 = X% of N X = 73.91%  1a. 2008FA =	1a. 2007FA - These results did not meet our original expectations. However, we are pleased with the results and plan to determine consistency by evaluating BBC participants for a second year (2008FA).
	1b. After attending Badger Boot Camp in the summer, 80% of participants will complete and pass at least 6 hours of course work in the following fall semester (via Datatel query).	1b. 2007FA = 83.85% N = 161 135 = X% of N X = 83.85%  1b. 2008FA =	1b. 2007FA - These results exceeded our original expectations. For consistency, we will evaluate for a second year (2008FA).  Overall, we are satisfied with these results, as they support our hypothesis that Badger Boot Camp is a beneficial program.

2. Involvement in the Student Government Association (SGA) will increase transfer rates.

2. After participating in SGA, the fall semester cohorts will exceed the transfer rates of the overall Amarillo College transfer rate by 20%, as reported by institutional research and data from the National Clearinghouse.
