<b>FD Needs in Tech Supported Learning</b>	Question--what are the needs for faculty development for tech-supported learning?	More virtual/online sessions-helpful with locations and schedules; like ability to have recorded and then accessible; like colleagues sharing/more collaboration; more TED Talk type of formats; Short-to the point; Videos with Qs-if needed for development accountability; Videos are more helpful with the different teaching schedules; Information on how to utilize what AC already has; VidGrid and import into gradebook; faculty are feeling more comfortable with remote learning, the more they are using it.
<b>Thank You</b>	Extra thank you to those who served on the FDC an extra year beyond their term to help with ACES: Marcie Robinson Tiffany Lamb Michelle Akins Rebecca Matthews Walt Webb
