Meeting Adjourned	11:10 am CST	
Recording Secretary Signature: 		
Date: April 13, 2022		Next Meeting: TBA

## Financial Effectiveness

### **Build Systems for Financial Viability & Fund Raising**

- Develop relationships with employers in order to foster funding, student programs and employee models.
- Explore developing an annual AC MCC fund-raising events such as a Gala. Attentively identify ways to expand QUEST model to Sunray (not sharing DISD funds).
  - Alumni gift giving program
- Cloud Computing – Identify opportunities to expand program to involve satellite campuses (and share revenue). Explore tuition & fees sources for online option for MCC Students.
  - Employer investments
  - Grant opportunities

Jeff Turner

## **Build Systems for Equity Gains**

### **Work to infuse the ANTI RACISM initiative into teaching, learning and student services to provide diversity, equity and inclusion**

- Work hard to educate/train students to mirror the needs in the surrounding communities.
- Work with employers to help students make ends meet, so students can study while working in their potential job field, or work in a community job that will work with their college schedule.
- Continue to have college members engage and help in the community with meetings and events.

Monty Hysinger

## Comprehensive Transfer/Completion Pathways

Increase Completion by improving persistence, decreasing time-to-completion, and creating a comprehensive transfer/completion pathway.

- Reverse transfer is automatic at Texas Tech University and WTAMU.
- The perception at the MCC that the Advocate Resource Center is available and accessible for all students. Have zoom meetings set up for students, or have an advocate come to MCC monthly for students.
- Drop Reduction plan where the student talks with the faculty and advisor about dropping.
  - Explore reasons students drop out and don't return.
  - How can we help them return?

Ronda Crow

## Align Degrees & Certificates with Labor Market Demand

Align Degrees & Certificates with current & new labor laws and market demand by creating structured AC career pathways.

- Housing – Our community is hurting for housing and need trained/skilled laborers to meet the need.
  - Construction workers
  - Electrical & Plumbing
- Quicker pathways to certificates. Two years is too long.
  - Electrical & Plumbing
  - HVAC
  - Weed control and spraying
  - Technology in general
- Need for childcare. It is currently hard to find.

Danielle Arias

## Learning

Increase student learning outcomes by infusing and scaling high impact teaching practices designed to align programs & courses.

- Continue to develop what a college student looks like.
- Continue to build pathways that tie directly to industry standards.
- Continue to meet students where they are:
  - Online
  - Face to face (F2F)
  - Night
  - Tech supported classes

Brett Beesley
