Data Advisory Council Meeting Minutes
March 1, 2022

Members present: Collin Witherspoon, Tina Babb, Kristin McDonald-Willey, Sadie Newsome, Toni Gray, Sarah Bruce, and Jacqui Jones

Members absent: Ernesto Olmos and Olga Kleffman

Topics Discussed:

1. A final decision was made as to where to house institutional surveys. The Council agreed to provide the survey data in a central location on the DAIR website (https://dair.actx.edu)
   a. Collin stated he, and possibly Tina, will bring this item forth to Cabinet about what surveys/data are to be published via this dashboard. CCSSE, SENSE, Trellis can be published now

2. DAIR dashboards is now a link within ACConnect so that AC Family can easily access when they login to ACConnect.

3. Kristin mentioned the possibility of a licensure report and a "finding graduates" report as they relate to her CBM state reports.

4. The DAC newsletter was revisited and Sadie suggested we have "enticing data points" to kick off our first newsletter.
   a. Sarah proposed having a place for AC Family to be able to pose questions of the group. The questions, as Collin pointed out, would need to be relevant to the Strategic Plan.
   b. Sadie suggested a section of the newsletter centered on "Readers asked this…and here is our response…"
   c. Collin asked the group if they have data to spotlight
   d. We decided we would discuss the following three points in our Spring 2022 edition of the newsletter: 1) Survey data access, 2) EDUC Frameworks course and the QEP, and 3) *new* Job Placement data

Meeting adjourned at 4:05 p.m.
