INDEPENDENT AUDITOR'S REPORT

The Board of Regents Amarillo College

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Amarillo College (the College), as of and for the years ended August 31, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the College, as of August 31, 2024 and 2023, and the respective changes in financial position, and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. The financial statements of the Amarillo College Foundation, Incorporated, the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

We are required to be independent of the College, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, pension information, and other-post employment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. Supplemental Schedules A through D, as required by the Texas Higher Education Coordinating Board's (THECB) Budget Requirements and Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges, the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and the Schedule of Expenditures of State Awards, as required by the Texas Grant Management Standards (TxGMS), are also presented for additional analysis and are not a required part of the basic financial statements.

The Board of Regents Amarillo College

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Supplemental Schedules A through D, the Schedule of Expenditures of Federal Awards, and the Schedule of Expenditures of State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statistical supplement information but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 19, 2024 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Odessa, Texas November 19, 2024

Whitley FERN LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Amarillo College, located in Amarillo, Texas, has a rich history dating back to 1929 when it was founded as Amarillo Junior College. It began as a small institution offering primarily night classes in Amarillo High School, with an initial enrollment of just 86 students. The College quickly expanded its offerings, becoming a pivotal source of education and community development in the Texas Panhandle. In 1942, during World War II, the College initiated a training program for the U.S. Army Air Force pilots, reflecting its adaptability and commitment to serving the needs of the region.

Over the decades, Amarillo College has consistently grown and adapted to meet the evolving educational need of the community. It expanded its campus, introduced new academic programs, and broadened its outreach to reach a diverse student body. The College has been a pioneer in workforce development, offering tailored programs to equip students with the skills needed for local job opportunities. Additionally, Amarillo College is known for its commitment to affordability, and accessibility, consistently ranked as one of the most affordable institutions in Texas. In 2023, The Aspen Institute, awarded Amarillo College the number one college in the nation. This is the signature recognition for community colleges in the nation.

Amarillo College continues to serve the Texas Panhandle region, offering a wide range of associate degrees and certificate programs, adult education and training, and dual-credit for high school students. Amarillo College remains a cornerstone of education, innovation, and progress in the Texas Panhandle, reflecting a proud history of growth, adaptability, and a steadfast commitment to student success and community enrichment.

Fiscal Notes

The following discussion and analysis provide an overview of the financial position and activities of Amarillo College for the fiscal year ending August 31, 2024. Management has prepared this discussion, which should be read in conjunction with the financial statements and footnotes.

Amarillo College (the College) follows the requirements set forth by Governmental Accounting Standards Board (GASB). Note that the audit reports under the GASB required format, Exhibits 1, 2, and 3 present the financial data from all funds consolidated into a single column.

Exhibit 1, the Statements of Net Position corresponds to the Balance Sheet on prior year statements. This exhibit presents the assets, liabilities, and net position of the College in a single columnar format as of the end of the fiscal year.

Exhibit 2, the Statements of Revenues, Expenses, and Changes in Net Position presents the activity that occurred in the assets, liabilities, and net position for the fiscal year that resulted in the presentation of those items on Exhibit 1. Local ad valorem taxes assessed by the College, investment income, Title IV financial aid program, and state appropriations are reported as non-operating revenues.

Exhibit 3, the Statements of Cash Flows presents the inflow and outflow of cash collected and disbursed by the College for the fiscal year.

Schedule A, the Schedule of Operating Revenues presents a detailed list of the operating revenues, classified as Educational Activities (Unrestricted, Restricted) and Auxiliary Enterprises.

Schedule B, the Schedule of Operating Expenses by Object, details the expenditures for the fiscal year classified by function (element of cost) and by natural (object code) classification.

Schedule C, the Schedule of Nonoperating Revenues and Expenses provides detail for the fiscal year classified as Unrestricted, Restricted and Auxiliary Enterprises.

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Schedule D, the Schedule of Net Position by Source and Availability provides a reconciliation of fund balances to net position as well as funds available for current operations.

Schedule E, the Schedule of Expenditures of Federal Awards provides detail for the fiscal year for expenditures of federal financial assistance.

Schedule F, the Schedule of Expenditures of State of Texas Awards provides detail for the fiscal year for expenditures of state financial assistance.

Condensed Comparative Financial Information

Starting on October 1, 2001, the College adopted the provisions of Statement No. 34 issued by GASB. The financial presentation promulgated by that statement is very different from the governmental financial presentation that was generally accepted before the issuance of Statement No. 34. This discussion is intended to serve as an introduction to the College's basic financial statements presented in conformity with this accounting standard.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the finances of the College in a manner similar to a private-sector business.

The statement of net position presents information on all of the College's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the College is improving or deteriorating.

The statement of activities presents information showing how the College's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods (e.g., uncollected taxes).

Both government-wide financial statements distinguish governmental activities – functions of the College that are principally supported by tuition and fees, taxes and State appropriations, internal revenues – from business-type activities – functions of the College that are intended to recover all or a significant portion of their costs through user fees and charges. The auxiliary activities of the College include the bookstore, Badger Café, East Campus Housing, Hagy Child Care Center, property rentals, Innovation Outpost, and athletics.

In addition to the financial statements of the College, the government-wide financial statements include information concerning two legally separate entities that are part of the College's financial reporting entity because of the College's oversight responsibility for their affairs. These entities include the Amarillo College Foundation, and the Radio and TV stations. This information is presented separately from that of the College because such component units are not legally or functionally an integral part of the College.

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Government-Wide Financial Analysis: Changes in assets over time may serve as a useful indicator of a college's financial position. Prior to the effective date of Statement No. 34 issued by the Governmental Accounting Standards Board, capital assets used in governmental fund activities were accounted for in a "general fixed assets group of accounts" and were not depreciated. Effective with its adoption of Statement No. 34 as of October 1, 2001, the College computed the accumulated depreciation on all governmental activity capital assets, including infrastructure. Therefore, changes in assets of both governmental and business-type activities, including capital assets as well as current assets, provide meaningful information to the reader. The table below reflects the College's net position as of August 31, 2024, compared to the prior year:

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Analysis Of College's Overall Financial Position and Results Of Operations Revenues

State Appropriations - State appropriations for educational and general state is on a slight increase over the past five year. State appropriations for educational and general state support for 2023-24 is \$17,466,563 which is in the first year of the current biennium.

		State Change From				
Year	Ap	Appropriations		Prior Year	%Change	
2020	\$	14,847,412	\$	-	0.26%	
2021		14,847,412		-	0.00%	
2022		13,782,665		(1,064,747)	-7.17%	
2023		13,782,665		-	0.00%	
2024		17,466,563		3,683,898	26.73%	

Auxiliary Enterprises - Profits from the College's auxiliary enterprises are up \$988,835. While we still have increases in expenses for Athletics and Hagy Child Care, we have seen an increase in our investment interest revenue.

Investment Income - Interest rates have continued to increase over the last couple of years. For 2023-24 there was an increase in investment income of \$492,326 due to improvement in the national economy that has continued since 2019. Conservative estimates for investment income are used when budgeting that revenue.

Ad Valorem Tax Base - The Amarillo College's property appraisal increased \$2.35 billion or 9.87% to the 2024 tax year from the 2023 tax year, \$2.54 billion or 12.53% from the 2023 tax year to the 2022 tax year, \$2.971 billion or 17.16% from 2022 tax year to 2021 tax year, \$551 million or 3.29% from the 2021 tax year to the 2020 tax year. The increase is made up of new properties, improvements to existing properties, and increased valuations. We anticipate property values to continue to increase in the foreseeable future.

With the passage of the bond initiative in 2019 and the subsequent sale of \$89 million of construction bonds, the total tax rate for the 2024 tax year (2024-2025 fiscal year) decreased to \$.21556 per \$100 valuation. The maintenance and operations portion of the tax rate remains at \$0.15893 from the previous year and the interest and sinking portion was decreased to \$0.05663.

In November of 2006, the voters of the District passed the local option to freeze ad valorem taxes for seniors and disabled.

The Amarillo College Regents adopted Ordinance No. 7012 on December 19, 2006, providing for the creation of a contiguous geographic area within the College to be a zone known as the Tax Increment Zone Number One, College of Amarillo, Texas (TIRZ #1) and the establishment of a tax increment fund for the Zone. The District's boundaries encompass the TIRZ #1. At a special meeting in November of 2007, the Board of Regents approved participation in the TIRZ #1. The contribution by the College to the TIRZ #1 district for 2023-24, 2022-23, 2021-22, and 2020-21, was \$331,047, \$286,518, \$238,425, and \$252,049 respectively.

The Amarillo College Regents adopted Ordinance No. 7627 on November 08, 2016, providing for the creation of a second contiguous geographic area within the College to be a zone known as the East Gateway Tax Increment Zone Number 2, College of Amarillo, Texas (TIRZ #2) and the establishment of a tax increment fund for the Zone. The District's boundaries encompass the TIRZ #2. At a regular meeting on November 28, 2017, the Board of Regents approved participation in the TIRZ #2. The contribution by the College to the TIRZ #2 district for 2023-24, 2022-23, 2021-22, and 2020-21, was \$87,955, \$72,833, \$39,790, and \$38,155 respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

The Amarillo College Regents adopted Ordinance No. 8033 on December 13, 2022, providing for the creation of a third contiguous geographic area within the College to be a zone known as the South Gateway Tax Increment Zone Number Three, College of Amarillo, Texas (TIRZ #3) and the establishment of a tax increment fund for the Zone. The District's boundaries encompass the TIRZ #3. At a regular meeting on February 28, 2023, the Board of Regents approved participation in the TIRZ #3. The contribution by the College to the TIRZ #3 district for 2023-24 was \$1,715.

Economic Outlook – As the latest economic indicators, the City of Amarillo is experiencing a positive economic outlook. The State sales tax collected over the past five years has shown a robust increase. 2024 final numbers are not in as of yet, but look to be slightly higher than last years. This is reflective of a strong, sustained economic growth and consumer spending in the region. Additionally, the August 2024 unemployment rate for Amarillo stands at a commendable low of 3.4%, indicating a healthy job market and employment opportunities for the community. The city and college can look forward to further economic improvements driven by ongoing infrastructure projects, expanding industries, and a diverse economy that includes agriculture, healthcare, and energy sectors. These factors position Amarillo for continued economic resilience and prosperity in the coming years. The College's enrollment has been gradually increasing every year since COVID. With the addition of new programs and marketing pushes, the college's economic outlooks will continue to be bright. The 2022-23 Legislative session saw the funding model for community colleges in the state chance dramatically. Colleges are now funded on outcome measures as opposed to number of students. This change in the funding model has increased the college's state appropriations by an increase of \$4.7 million for the upcoming fiscal year. The college is predicting this upward trend in state funding to continue.

Expenses

Employee Health Insurance - The College offers health insurance to its employees through the Employees Retirement System of Texas (ERS). The amount funded by the state was \$3.7million, \$3.5 million, \$3.5 million, \$3.7 million, and \$3.7 million for fiscal years 2024, 2023, 2022, 2021, and 2020, respectively. Fortunately, AC has not seen an increase in healthcare coverage for the last five years. We are anticipating that trend to continue.

Capital Assets and Debt Administration

Capital assets are defined as those items costing over \$5,000 and which have a normal useful life of more than two years. Capital assets also include right to use lease assets and right to use subscriptions. Below is a summary of the capital assets, as of August 31:

	Year Ended August 31,					Increase (Decrease)				
		2024		2023		2022		2023 to 2024		2022 to 2023
Land	\$	5,530,798	\$	5,530,798	\$	5,530,798	\$	-	\$	-
Construction in progress		4,254,845		8,137,732		34,971,805		(3,882,887)		(26,834,073)
Buildings and building improvements		245,511,994		220,950,271		174,310,223		24,561,723		46,640,048

RTU subscription assets		356,597		356,597		69,435		-		287,162
		304,737,512		280,417,138		257,022,490		24,320,374		23,394,648
Accumulated depreciation/amortization		(107,835,841)		(101,656,389)		(96,518,975)		(6,179,452)		(5,137,414)
Net Capital Assets	\$	196,901,671	\$	178,760,749	\$	160,503,515	\$	18,140,922	\$	18,257,234

The College has four construction contracts going during this fiscal year. These are all bond-related construction projects.

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

At August 31, 2024, the College had seven bond issues outstanding, consisting of a revenue bond and six general obligation bond issues. The outstanding balance as of August 31, 2024, on each of the issues is \$6,500,000, \$6,345,000, \$21,500,000, \$8,195,000, \$8,765,000, \$49,525,000 and \$2,255,000 for Series 2015, 2016, 2019, 2020, 2021, 2022 and 2021 MCC respectively.

Below is a summary of total long-term debt at August 31, 2024, 2023 and 2022:

	 2024	 2023	 2022
General Obligation Bonds	\$ 100,830,000	\$ 108,360,000	\$ 114,705,000
Revenue Bonds	 1,985,000	2,255,000	2,520,000
Total Outstanding Bonded Indebtedness	\$ 102,815,000	\$ 110,615,000	\$ 117,225,000

Additional information on the College's capital assets and noncurrent liabilities can be found in Notes 6, 7, and 8 respectively, to the basic financial statements.

Subsequent Events

Since August 31, 2024, the College has entered into architectural and construction agreements for the design and construction of the following projects:

Student Life Remodel – Architect: Sims, construction contract, Plains Builders
Ware Building, 3rd and 4th floor remodel – Architect Sims, construction contract, Plains Builders
Building B, West Campus – Architect Sims, construction contract, Plains Builders

All projects are in construction phase and will be completed by spring of 2025.

AMARILLO COLLEGE NOTES TO THE FINANCIAL STATEMENTS

Note 1 - Reporting Entity

Amarillo College (the College) was established in 1929, in accordance with the laws of the state of Texas, to serve the educational needs of Amarillo and the surrounding communities. The College is considered to be a special-purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement No. 14. While the College receives funding from local, state, and federal sources and must comply with the spending, reporting, and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

The financial reporting entity includes both the primary institution and all of its component units. The Amarillo Foundation for Education and Business is considered to be a blended component unit. The blended component unit, although legally separate, is in substance part of the College's operations and, therefore, is reported as if it were part of the College.

The Amarillo College Foundation (the Foundation) is a legally separate, tax-exempt entity organized to solicit and receive support for purposes of developing and extending the facilities of the College and enhancing the educational opportunities of residents in the geographical area the College serves. The College does not control the timing or amount of receipts from the Foundation. The Foundation is considered a component unit of the College and is discretely presented in the College's financial statements due to the following:

- The majority of resources, or income thereon that the Foundation holds and invests, are for the benefit of the College or its constituents.
- The net position of the Foundation compared to the College is significant.
- Substantially all resources held by the Foundation can only be used by, or for the benefit of, the College.
- The Foundation has historically provided resources to the College or its constituents.

The College is reported as a special-purpose government engaged in business-type activities. The significant accounting policies followed by the College in preparing these financial statements are in accordance with the accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The accompanying financial statements are also in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis, whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The College distinguishes operating revenues and expenses from non-operating items. The primary consideration in classifying revenues and expenses is how individual transactions are categorized for purposes of preparing the statement of cash flows. Transactions for which cash flows are reported as capital and related financial activities, non-capital financing activities, or investing activities are reported as components of non-operating income. The principal operating revenues of the College result from providing educational services to students, and consist of tuition and fees, as well as sales of auxiliary goods and services (i.e. bookstore merchandise, and meals). Operating expenses include the cost of providing educational services, auxiliary goods and services, and administrative expenses. All revenues and expenses not meeting this definition including gifts, contributions, and grants from non-exchange and exchange-like transactions - are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 2 - Summary of Significant Accounting Policies (continued)

Basis of Accounting (continued)

The financial statements of the Foundation have been prepared on the accrual basis of accounting. The Foundation is a nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences.

Tuition Discounting

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship allowances and discounts in the statements of revenues, expenses, and changes in net position. Scholarship allowances and discounts are the difference between the stated charge for goods and services provided by the College and the amount that is paid by students. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs are recorded as non-operating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship allowance and discount.

- Texas Public Education Grants: Certain tuition amounts must be set aside for use as scholarships by qualifying students.
 This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (TEC §56.033). When the award is used by the student for tuition and fees, the College records the amount as tuition discount. If the amount is dispersed directly to the student, the College records the amount as a scholarship expense.
- Title IV, Higher Education Act Program Funds: Certain Title IV HEA Program funds are received by the College to pass through to the students. When the award is used by the student for tuition and fees, the College records the amount as tuition discount. If the amount is dispersed directly to the student, the College records the amount as a scholarship expense.
- Other Tuition Discounts: The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the College records the amount as a tuition discount. If the amount is dispersed directly to the student, the College records the amount as a scholarship expense.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Cash held in endowments is not considered to be cash and cash equivalents for cash flow purposes as it is permanently restricted.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 2 - Summary of Significant Accounting Policies (continued)

Restricted Cash

Restricted cash consists of restricted funds from donors and grantors, unspent bond proceeds, sinking funds, and cash belonging to the Amarillo Foundation for Education and Business (AFEB).

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase or are funds which have donor-imposed restrictions (endowments).

Inventories

Inventories consist of consumable office supplies, physical plant supplies (including fuel), computers, and bookstore stock. Inventories are valued at the lower of cost (under the first-in, first-out method) or market and are charged to expense as consumed.

Capital Assets

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, the right to use leased equipment and subscription assets, and infrastructure of the primary government are depreciated/amortized using the straight-line method over the estimated useful lives shown below. As the College constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost (except for intangible right-to-use lease assets and right-to-use subscription assets, the measurement of which is discussed in Note 8). Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate capital asset class.

Capital assets are long-lived assets in the service of the College and include land, buildings, improvements, equipment, and library books. Capital assets that are purchased are recorded at cost. Donated capital assets are recorded at acquisition value. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovation in excess of \$100,000 to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred. The College annually evaluates impairment of capital assets. The College does not believe any impairment exists as of August 31, 2023 and 2022.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 2 - Summary of Significant Accounting Policies (continued)

Capital Assets (continued)

Depreciation and amortization expense is computed using the straight-line method over the following estimated useful lives of the assets:

Buildings50 yearsFacilities and Other Improvements20 yearsLibrary Books15 yearsFurniture, Machinery, Vehicles, and Equipment10 yearsTelecommunications and Peripheral Equipment5 years

RTU Lease Assets Depends on lease of PPP term
RTU Subscription Assets Depends on term arrangement

Net Pension Liability - Teachers Retirement System of Texas

The College participates in the Teacher Retirement System of Texas (TRS) pension plan, a multiple-employer cost-sharing-defined benefit pension plan with a special funding situation. The fiduciary net position of TRS has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Net Other Post-Employment Benefits Liability - Employees Retirement System of Texas

The College participates in other post-employment benefits (OPEB) offered through the Employee Retirement System of Texas (ERS) State Retiree Health Plan. The fiduciary net position of the OPEB plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from the OPEB plan's fiduciary net position. Benefit payments are recognized when due and are payable in accordance with the benefit terms.

Unearned Revenues

Tuition, fees, and other revenues received and related to the periods after August 31, 2024 and 2023, have been deferred. Tuition and fees of \$9,581,647 and \$10,158,715 have been reported as unearned revenue at August 31, 2024 and 2023, respectively. Additionally, \$1,935,078 and \$2,898,316 were reported as unearned revenue not related to tuition and fees at August 31, 2024 and 2023, respectively.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 2 - Summary of Significant Accounting Policies (continued)

Deferred Outflows of Resources

A deferred outflow of resources is a consumption of a government's net assets (a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets) by the government that is applicable to a future reporting period. The College has three items that qualify for reporting in this category:

- Deferred outflows of resources for refunding This deferred charge on refunding results from the difference in the
 carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of
 the life of the refunded or refunding debt.
- Deferred outflows of resources for pension This deferred outflow results from pension plan contributions made after the measurement date of the net pension liability and the results of (1) differences between projected and actual earnings on pension plan investments; (2) changes in actuarial assumptions; (3) differences between expected and actual actuarial experiences and (4) changes in the College's proportional share of pension liabilities. The deferred outflows of resources related to pensions resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The deferred outflows resulting from differences between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The remaining pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.
- Deferred outflows of resources for OPEB This deferred outflow results from OPEB plan contributions made after the measurement date of the net OPEB liability and the results of (1) differences between projected and actual earnings on OPEB plan investments; (2) changes in actuarial assumptions; (3) differences between expected and actual actuarial experiences and (4) changes in the College's proportional share of OPEB liabilities. The deferred outflows of resources related to OPEB resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the next fiscal year. The deferred outflows resulting from differences between projected and actual earnings on OPEB plan investments will be amortized over a closed five-year period. The remaining OPEB related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with benefits through the OPEB plan.

Deferred Inflows of Resources

A deferred inflow of resources is an acquisition of a government's net assets (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The College has two items that qualify for reporting in this category:

- Deferred inflows of resources for pension Deferred inflows result primarily from (1) changes in actuarial assumptions;
 (2) differences between expected and actual actuarial experiences and (3) changes in the College's proportional share of pension liabilities. The pension related deferred inflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.
- Deferred inflows of resources for OPEB Deferred inflows result primarily from (1) changes in actuarial assumptions; (2) differences between expected and actual actuarial experiences and (3) changes in the College's proportional share of OPEB liabilities. These OPEB related deferred inflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with OPEB benefits through the OPEB plan.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 2 - Summary of Significant Accounting Policies (continued)

Leases

The College is a lessee for a noncancellable lease of equipment. The College recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. The College recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the College initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the College determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The College uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by
 the lessor is not provided, the College generally uses its estimated incremental borrowing rate as the discount
 rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of
 the lease liability are composed of fixed payments and purchase option price that the College is reasonably
 certain to exercise.

The College monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes that occur are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the statement of net position.

Subscriptions Based Information Technology Arrangements (SBITA)

The College has several subscription-based information technology arrangements for software services. The College recognizes a subscription liability and an intangible right-to-use subscription asset in the statement of net position. The College recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of an arrangement, the College initially measures the subscription liability at the present value of payments expected to be made during the arrangement term. Subsequently, the subscription liability is reduced by the principal portion of arrangement payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for arrangement payments made at or before the commencement date, plus certain applicable initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over term of the arrangement.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 2 - Summary of Significant Accounting Policies (continued)

Subscriptions Based Information Technology Arrangements (SBITA) (continued)

Key estimates and judgments related to subscriptions include how the College determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) arrangement term, and (3) arrangement payments.

- The College uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by
 the lessor is not provided, the College generally uses its estimated incremental borrowing rate as the discount
 rate for subscriptions.
- The arrangement term includes the noncancellable period of the subscription. Arrangement payments included in the measurement of the subscription liability are composed of fixed payments.

The College monitors changes in circumstances that would require a remeasurement of its subscription arrangements and will remeasure the subscription asset and liability if certain changes that occur are expected to significantly affect the amount of the subscription liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with long-term debt on the statement of net position.

Net Position

The College's net position is classified as follows:

Net investment in capital assets: This represents the College's total investment in capital assets, net of outstanding debt obligations and payables related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted - nonexpendable: This represents amounts subject to externally imposed stipulations that they be maintained in perpetuity by the College.

Restricted - expendable: This represents amounts whose use is subject to externally imposed legal or contractual obligations that require the amounts to be spent in accordance with the external restrictions.

Unrestricted: This represents resources derived from student tuition and fees, State appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises which are substantially self-supporting activities that provide services for students, faculty, and staff.

Classification of Revenues and Expenses

The College defines operating activities, for purposes of reporting on the Statements of Revenues, Expenses, and Changes in Net Position, as those activities that generally result from exchange transactions, such as payments received for providing services and payments made for goods or services received. With the exception of interest expense on long-term indebtedness, substantially all College expenses are considered to be operating expenses. Certain significant revenue streams relied upon for operations are recorded as non-operating revenues, as defined by GASB Statement No. 35, including State appropriations, ad valorem taxes, Federal Title IV financial aid funds, and investment income.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 2 - Summary of Significant Accounting Policies (continued)

Management Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

Amarillo College is exempt from Federal income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to Federal income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc., Organizations. The College had no unrelated business income tax liability for the years ended August 31, 2024 and 2023.

Implementation of New Standards

GASB issued Statement No. 100, Accounting Changes and Error Corrections - an Amendment of GASB Statement No. 62, in June 2022. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The requirements of this statement were implemented in fiscal year 2024.

Note 3 - Authorized Investments

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the state of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

Note 4 - Deposits and Investments

Cash and cash equivalents included on Exhibit 1A, Statements of Net Position, are reported below:

	 2024	 2023
Demand Deposits	\$ 2,767,999	\$ 1,409,609
Public Funds Investment Pools	10,207,063	16,223,065
Petty cash	 14,800	 18,100
	\$ 12,989,862	\$ 17,650,774

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 4 - Deposits and Investments (continued)

Investments as reported on Exhibit 1A, Statement of Net Position consisted of the following types of securities at fair value and are reported below:

	 Market Value						
	 2024	2023					
Mutual funds	\$ 10,251,519	\$	11,144,006				
Certificates of deposit/CDARs	 19,150,837		35,608,086				
	\$ 29,402,356	\$	46,752,092				

Reconciliation of deposits and investments between Note 4 and Exhibit 1, Statements of Net Position on August 31, 2024 and 2023 is as follows:

Type of Security	 larket Value gust 31, 2024	Market Value August 31, 2023		
Total Cash and Deposits	\$ 12,989,862	\$	17,650,774	
Total Investments	 29,402,356		46,752,092	
Total Deposits and Investments	\$ 42,392,218	\$	64,402,866	
Current Cash and Cash Equivalents	\$ 7,738,568	\$	5,474,594	
Short Term Investments	8,325,190		12,878,017	
Restricted Cash and Cash Equivalents	4,251,294		11,176,180	
Restricted Investments	19,577,166		32,374,075	
Endowment Cash and Cash Equivalents	1,000,000		1,000,000

Total Deposits and Investments (Exh. 1)	\$ 42,392,218	\$	64,402,866	

As of August 31, 2024, the College had the following investments and maturities:

Investment Type	M	arket Value	Percent	Maturity (Years)	Rating
Mutual funds	\$	10,251,519	35%	Less than 1	BBB
Certificates of deposit/CDARs		19,150,837	65%	Less than 1	Unrated
Total Investments	\$	29,402,356	100%	_	

As of August 31, 2023, the College had the following investments and maturities:

Investment Type	Fair Value	Percent	Maturity (Years)	Rating
Mutual funds	\$ 11,144,006	24%	Less than 1	BBB
Certificates of deposit/CDARs	 35,608,086	76%	Less than 1	Unrated
Total Investments	\$ 46,752,092	100%	_	

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 4 - Deposits and Investments (continued)

Interest Rate Risk - Interest rate risk occurs when potential purchasers of debt securities do not agree to pay face value for those securities if interest rates rise. In accordance with state law and Board policy, the College does not purchase any investments with maturities greater than one year except for endowed funds which can be invested to a maximum of five years. The College uses the specific identification method to disclose interest rate risk.

Concentration of Credit Risk - Concentration risk is defined as positions of 5% or more in the securities of a single issuer. The College's investment policy states that the balance in external investment pools shall not exceed 35% of the total College investment portfolio unless approved by the Investment Committee of the Board of Regents. The College had no concentration of more than 5% as of August 31, 2024. Also, the College has approximately \$10,200,000 in TexPool. This amount is 24% of deposits and investments.

Credit Risk - In accordance with state law and the College's investment policy, with the exception of endowed investments, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A.

Custodial Credit Risk - For deposits and investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of August 31, 2024, the College's bank balances of \$7,880,416 was not exposed to custodial risk.

Participation in External Investment Pools

As of August 31, 2024, the carrying amount of amounts invested in investment pools was \$10,207,063. Investment pools are recorded at amortized, which approximated fair value at August 31, 2024. All investment pools are uninsured and are not registered with the Securities and Exchange Commission. Investment pools are not subject to custodial credit risk as they are not evidenced by securities that exist in physical or book entry form.

The College's investment in investment pools is TexPool Participant Services. TexPool Participant Services' regulatory oversight agent is the Texas Treasury Safekeeping Trust Company and their credit risk rating is AAAm. Their financial reports may be obtained by writing Federated Investment Management Company, 1001 Texas Avenue, Suite 1400, Houston, TX 77002.

Note 5 - Fair Value Measurements

GASB Statement No. 72, Fair Value Measurement and Application, provides a framework for measuring fair value for certain investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets of liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the government can access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 5 - Fair Value Measurements (continued)

The College had the following investments measured at fair value at August 31, 2024 and 2023:

	Αu	gus	t 31	., 20)24
--	----	-----	------	-------	-----

Investment Type	Activ	oted Prices in ve Markets for entical Assets Level 1	Significant Other Observable Inputs Level 2		Significant Unobservable Inputs Level 3		Fair Value		
Mutual funds	\$	10,251,519	\$	-	\$	-	\$	10,251,519	
Certificates of deposit/CDARs		-		19,150,837		-		19,150,837	
Total	\$	10,251,519	\$	19,150,837	\$		\$	29,402,356	

August 31, 2023

Investment Type	Activ	oted Prices in ve Markets for entical Assets Level 1	Significant Other Observable Inputs Level 2		Significant Unobservable Inputs Level 3		Fair Value		
Mutual funds	\$	11,144,006	\$	-	\$	-	\$	11,144,006	
Certificates of deposit/CDARs		-		35,608,086		-		35,608,086	
Total	\$	11,144,006	\$	35,608,086	\$		\$	46,752,092	

For the valuation of money market funds and mutual funds, at August 31, 2024 and 2023, the College used quoted prices in principal active markets for identical assets as of the valuation date (Level 1).

For the valuation of CDARS and certificates of deposit at August 31, 2024 and 2023, the College used significant other observable inputs as of the valuation date, particularly dealer market price for comparable investments as of the valuation date (Level 2).

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 6 - Capital Assets

Capital assets activity for the year ended August 31, 2024, was as follows:

	Balance September 1, 2023 Increases			Decreases	Balance August 31, 2024		
Capital Assets	Jeptember 1, 2		- Increases	Decreases	August 31, 2024

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 8 - Debt and Lease Obligations

General information related to bonds payable is summarized below:

Limited Tax Refunding Bonds, Series 2015

- Limited Tax Refunding Bonds, Series 2015, used to refund part of General Obligations Bonds Series 2008.
- Issued July 2, 2015
- Average Interest rate of bonds: 4.022%
- Proceeds from Series 2015: \$9,946,064 received, less cost of issuance of \$171,193, of which the remainder, \$9,774,871, was used in refunding part the General Obligations Bonds Series 2008.
- Source of revenue for the debt service Ad valorem tax levied by the College on taxable property. Outstanding balance at August 31, 2024 and 2023: \$6,500,000 and \$7,990,000, respectively.
- The bonds are due in annual installments varying from \$1,744,200 to \$1,769,200, including interest with the interest rates from 4.00% to 4.50%, with the final installment due in 2028.

Limited Tax Refunding Bonds, Series 2016

- Limited Tax Refunding Bonds, Series 2016, used to refund a portion of the General Obligations Bond Series 2008 and the General Obligation Bonds Series 2009.
- Issued September 1, 2016
- Average Interest rate of bonds: 3.1211 %
- Proceeds from Series: \$19,321,621 received, less cost of issuance of \$148,080, of which the remainder, \$19,173,541, was used in refunding part of the General Obligations Bonds Series 2008 and 2009.
- Source of revenue for the debt service Ad Valorem tax levied by the College. Outstanding balance at August 31, 2024 and 2023 was \$6,345,000 and \$7,495,000, respectively.
- The bonds are due in annual installments varying from \$1,343,363 to \$1,347,163 including interest with the interest rates from 2.00% to 4.00%, with the final installment due in 2029.

General Obligation Bonds, Series 2019

- General Obligation Bonds, Series 2019, used for the construction, acquisition, renovation, and equipment of school buildings for the College and the purchase of necessary sites therefor and to pay the cost of issuance of the Bonds.
- Issued on: September 12, 2019
- Average Interest Rate of Bonds: 4.2765%
- Net proceeds from series: \$31,310,897 received, less cost of issuance of \$159,959 and underwriter's discount of \$150,938, of which the remainder \$31,000,000 will be used to fund the projects.
- Source of revenue for debt service Ad valorem tax levied by the College. Outstanding balance at August 31, 2024 and August 31, 2023 was \$21,500,000 and \$22,475,000, respectively.
- The bonds are due in semi-annual installments. The total annual payments vary from \$1,872,200 to \$2,562,850 including interest with interest rates from 3% to 5%.
- Maturity date: Bonds mature on February 15, 2029 and are callable on February 15, 2028.

Limited Tax Refunding Bonds, Series 2020

- Limited Tax Refunding Bonds, Series 2020, used to refund the General Obligations Bond Series 2010.
- Issued on March 12, 2020
- Average interest rate of bonds: 2.8942%
- Proceeds from series: \$13,850,076 received, less cost of issuance of \$211,901, of which the remainder, \$13,638,174 was used in refunding the General Obligation Bonds Series 2010.
- Source of revenue for the debt service -Ad valorem tax levied by the District. Outstanding balance at August 31, 2024 and August 31, 2023, was \$8,195,000 and \$9,435,000, respectively.
- The bonds are due in semi-annual installments with the total annual installments varying from \$1,486,500 to \$1,492,050 including interest with interest rates from 2.00% to 3.00%, with the final installment due in 2030.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 8 - Debt and Lease Obligations (continued)

Limited Tax Refunding Bonds, Series 2021

- Limited Tax Refunding Bonds, Series 2021, used to refund the General Obligations Bond Series 2012.
- Issued March 2021
- Average interest rate of bonds: 2.3726%.
- Proceeds from series: \$11,005,740 received, less cost of issuance of \$455,740, of which the remainder, \$10,550,000 was used in refunding the General Obligation Bond Series 2012.
- Source of revenue for the debt service -Ad valorem tax levied by the District. Outstanding balance at August 31, 2024 and August 31, 2023, was \$8,765,000 and \$9,680,000, respectively.
- The bonds are due in annual installments with the total annual installments varying from \$111,320 to \$1,212,556 including interest with interest rates from 1.59% to 4.00%, with the final installment due in 2032.

Combined Fee Revenue Refunding Bonds, Series 2021 MCC

- Combined Fee Revenue Refunding Bonds, Series 2021 MCC, used to refund the Combined Fee Revenue Bonds Series 2011.
- Issued March 2021.
- Average interest rate of bonds: 1.25%.
- Proceeds from series: \$2,785,000 received, less cost of issuance of \$55,000, of which the remainder, \$2,730,000 was used in refunding the Combined Fee Revenue Bonds Series 2011.
- Source of revenue for the debt service Certain pledged revenues consisting primarily of a portion of tuition charges and other fees. Outstanding balance at August 31, 2024 and August 31, 2023 was \$1,985,000 and \$2,255,000, respectively.
- The bonds are due in annual installments with the total annual installments varying from \$294,913 to \$300,938 including interest with interest rates from 1.00% to 1.25%, with the final installment due in 2031.

General Obligation Bonds, Series 2022

- General Obligation Bonds, Series, 2022, used for construction, acquisition, renovation and equipment of school buildings for the College and purchase of necessary sites and to pay the cost of issuance of the Bonds.
- Issued April 2022.
- Average Interest Rate of Bonds: 4.13%
- Proceeds from series: \$8,704,205 received, less cost of issuance of \$214,287 and underwriter's discount of \$283,918, of which the remainder \$58,260,000 will be used to fund the projects.
- Source of revenue for debt service Ad valorem tax levied by the college. Outstanding balance at August 31, 2024 and 2023 was \$49,525,000 and \$51,285,000, respectively.
- The bonds are due in semi-annual installments. The total annual payments vary from \$3,892,527 to \$19,470,200 including interest with interest rates from 3% to 5%.
- Maturity date: Bonds mature on February 15, 2042.

2027	79,243		2,173		81,416			
Total	\$ 222,495	\$	12,478	\$	234,973			

Plan Description

The College participates in the Teacher Retirement System of Texas (TRS), which is a public employee retirement system that is a multiple employer, cost-sharing, defined benefit pension plan that has a special funding situation. TRS is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

Pension Plan Fiduciary Net Position

TRS issues a publicly available, audited Annual Comprehensive Financial Report that includes financial statements, notes and required supplementary information. This report may be obtained on the internet at https://www.trs.texas.gov/TRS%20Documents/annual-financial-report-2022.pdf or by writing to TRS at 1000 Red River Street, Austin, Texas 78701-2698; or by calling (512) 542-6592.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 8 - Debt and Lease Obligations (continued)

Benefits Provided

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by TRS. TRS provides retirement, disability, and death benefits. State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the State, participating employers and active employees for the fiscal years 2019 through 2024.

Contributions

Contribution requirements are established or amended pursuant to Article XVI, Section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code Section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contribution rates and amounts are as follows:

Contribution Rates	 2024	2023
Member	8.25%	8.00%
Non-Employer Contributing entity (State)	8.25%	8.00%
College (Employer)	8.25%	8.00%
Member	\$ 2,951,538	\$ 2,716,195
Non-Employer Contributing entity (State)	\$ 983,478	\$ 859,768
College (Employer)	\$ 1,877,146	\$ 1,716,950

Contributors to the plan include members, employers, and the State of Texas as the only non- employer contributing entity. The State contributes to the Plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers, including junior colleges, are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 9 - Defined Benefit Plan - Teacher Retirement System of Texas (continued)

Contributions (continued)

- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.
- In addition to the employer contributions listed above, when employing a retiree of the TRS, the employer shall pay both the member contribution and the state contribution as an employment- after-retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

August 31, 2022 roll	ed forward	to August 31,
----------------------	------------	---------------

Valuation Date 2023

Actuarial Cost Method Individual Entry Age Normal

Asset Valuation Method Market Value

Single Discount Rate 7.00%

Long-Term Expected Investment Rate of Return* 7.00%

Municipal Bond Rate* 4.13%

Last year ending August 31 in the Projection period (100 years) 2122

Inflation 2.30%

Salary increases including inflation 2.95% to 8.95%

Benefit changes during the year None
Ad HOC post-employment benefit change None

The actuarial assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2022. A full description is available in the actuarial valuation report dated November 22, 2022.

The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the four-year period ending August 31, 2021 and were adopted in July 2022.

The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioners Mortality Tables, with full generational projection using the ultimate improvement rates from the most recently published projection scale ("U-MP"). The active mortality rates were based on the published PUB(2010) Mortality Tables for Teachers, below median, also with full generational mortality.

^{*} Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 9 - Defined Benefit Plan - Teacher Retirement System of Texas (continued)

Discount Rate

A single discount rate of 7.00 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 7.00 percent. The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the TRS's target asset allocation as of August 31, 2023, are summarized below:

Asset Class	Target Allocation ²	Long-Term Expected Geometric Real Rate of Return ³	Expected Contribution to Long-Term Portfolio Returns		
Global Equity:	Turget Anotation	netam	Recuiris		
U.S.A.	18.00%	4.00%	1.00%

Note 9 - Defined Benefit Plan - Teacher Retirement System of Texas (continued)

Sensitivity of the College's Share of the Net Pension Liability

The following table represents the net pension liability of the plan using the discount rate of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

		2024

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2024 and 2023, the College reported a liability of \$22,962,471 and \$17,978,415, respectively, for its proportionate share of the net pension liability that reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

	2024	2023
State's proportionate share that is associated		
with the District	 13,142,468	 10,935,490
Total	\$ 36,104,939	\$ 28,913,905

The net pension liability for fiscal year 2024 was measured as of August 31, 2022 and rolled forward to August 31, 2023. The total pension liability was determined by an actuarial valuation as of that date.

The net pension liability for fiscal year 2023 was measured as of August 31, 2021 and rolled forward to August 31, 2022. The total pension liability was determined by an actuarial valuation as of that date.

The College's proportion of the net pension liability for fiscal year 2024 and 2023 was based on the College's contributions to the pension plan relative to the contribution of all employers to the plan for the period September 1, 2022 through August 31, 2023 and the period September 1, 2021 through August 31, 2022, respectively.

At the measurement date of August 31, 2023, the College's proportional share of the collective net pension liability was 0.0334% which was an increase of 0.0031% from its proportion measured as of August 31, 2022 of 0.0303%.

There were no changes in assumptions since the prior measurement date.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 9 - Defined Benefit Plan - Teacher Retirement System of Texas (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the fiscal year ended August 31, 2024, the College recognized pension expense of \$3,968,961 which includes revenues of \$1,984,399 representing pension expense incurred by the State on behalf of the College.

At August 31, 2024 and 2023, the College reported its proportionate share of the TRS's deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

2024

	2024			
	Deferred			Deferred
	C	outflows of	I	Inflows of
	1	Resources		Resources
Differences between expected and actual economic experience	\$	818,161	\$	(278,050)
Changes in actuarial assumptions		2,171,800		(531,489)
Net difference between projected and actual investment earnings Changes in proportion and difference between the employer's		3,341,597		-
contributions and the proportionate share of contributions		1,253,246		(732,621)
Contributions paid to TRS subsequent to the measurement date*		1,877,146	_	-
Total	\$	9,461,950	\$	(1,542,160)
		202	-	
		Deferred		Deferred

	2023			
	Deferred			Deferred
		Outflows of		Inflows of
		Resources		Resources
Differences between expected and actual economic experience	\$	260,686	\$	(391,963)
Changes in actuarial assumptions		3,349,964		(834,905)
Net difference between projected and actual investment earnings Changes in proportion and difference between the employer's		1,776,210		-
contributions and the proportionate share of contributions		178,654		(1,135,300)
Contributions paid to TRS subsequent to the measurement date*		1,716,950		-
Total	\$	7,282,464	\$	(2,362,168)

The \$1,877,146 reported as deferred outflows of resources related to pensions resulting from the College contributions subsequent to the measurement date for fiscal year 2024 will be recognized as a reduction of the net pension liability in the year ending August 31, 2025.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 9 - Defined Benefit Plan - Teacher Retirement System of Texas (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The net amounts of the College's balances of deferred outflows and inflows of resources related to pensions, other than deferred outflows of resources for contributions made subsequent to the measurement date of the net pension liability, will be recognized in pension expense as follows:

Year Ended August 31:	_	
2025	\$	1,210,715
2026		713,405
2027		2,849,297

Thereafter		-
	\$	6,042,644

Note 10 - Other Employees' Retirement Plans

Optional Retirement Plan - Defined Contribution Plan

Participation in the Optional Retirement Program (ORP) is in lieu of participation in the TRS. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy

Contribution requirements are not actuarially determined, but are established and amended by the Texas State Legislature. The percentage of participant salaries currently contributed by the state and each participant is 6.6% for fiscal years 2024 and 2023. The College contributes 1.31% for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amounts of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the state for the College was approximately \$234,000, \$248,000, and \$250,000, for the fiscal years ended August 31, 2024, 2023, and 2022, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the College for TRS and the Optional Retirement Program. The total payroll of employees covered by the Optional Retirement Program was approximately \$7,077,807, \$7,529,000, and \$7,587,000 for fiscal years 2024, 2023, and 2022, respectively.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 10 - Other Employees' Retirement Plans (continued)

College-Sponsored Benefit Plans

The College has a voluntary employee defined contribution 403(b) plan administered by the Plan's trustee. The Plan is funded by matching employee and employer contributions of 6.65% of employee compensation. Plan funds are held in trust and are administered by the College's Vice- President of Business Affairs with oversight by the Board of Regents. The Plan was amended during the year ended August 31, 2016 to allow for loans against the participants' investments and to allow for participant directed investing. Full-time employees and certain part-time employees are eligible to participate and are fully vested at all times. At August 31, 2024, 2023, and 2022, there were 1,507, 1,497, and 1,389, respectively, plan participants. The related expense was approximately \$2,343,675, \$2,109,000, and \$1,796,000 for the years ended August 31, 2024, 2023, and 2022, respectively.

Part-time employees meet the state's requirement to participate in a retirement program by their required participation in Amarillo College Retirement Plan. Upon hire, part-time employees are placed into the Amarillo College Retirement Plan at a mandatory 3.75% employee contribution rate. Amarillo College will match 100% of employee contributions of 3.75%.

Note 11 - Deferred Compensation Program

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001.

Note 12 - Compensable Absences

Full-time employees earn annual leave from eight to twelve hours per month depending on the number of years employed with the College. The College's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 160 for those employees with five or less years of service, up to 200 hours for those employees with more than five years but under ten years of service, and up to 240 hours for those employees with more than ten years of service. Employees with at least three months of service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The College recognized the accrued liability for the unpaid annual leave in the amount of \$1,545,335 and \$1,535,347 as of August 31, 2024 and 2023, respectively. Sick leave, which can be accumulated up to 120 days, is earned at the rate of eight hours per month; however, sick leave is not paid at termination. The College's policy is to recognize the cost of sick leave when utilized by employees.

Note 13 - Endowments

KACV-1V (the Station) is part of and is operated by the College. In 1999, the Station received \$1,000,000 from the Sybil B. Harrington Living Trust (Harrington Trust) which was specified as an endowment. In 2005, the Station received an additional \$500,000 gift from an anonymous donor that was to be held as an endowment. The College also received a \$1,000,000 endowment from the Harrington Trust for the Harrington Library Consortium (HLC). Appreciation on the Station's fund is approximately \$550,000 and can be spent on operating expenses of the Station. The appreciation on the HLC funds is spent annually for expenses related to HLC. The appreciation is approximately \$71,000. The Station's appreciated value is shown in net position as Expendable: Other primary donor restrictions. HLC's appreciated is shown as Funds Held for Others.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 14 - Commitments, Contingencies And Lawsuits

The College participates in various state and federal grant programs, which are governed by various rules and regulations of the granter agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the granter agencies. In the opinion of the College's management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies. Additionally, the College's students participate in the Federal Direct Loan Program for which the proceeds are used for tuition and education-related costs. Regulations require that default rates pertaining to loans to persons attending the College not exceed certain levels at the College. In the event that specific levels were exceeded, the program could be discontinued at the College; however, the College does not anticipate this occurring. The total amount of Direct Loans made during 2024 and 2023 was \$9,166,143 and \$10,118,387, respectively.

In August 2017, the College committed to participate in the expansion of the ACE mission by establishing and participating in the ACE Amarillo Scholarship Fund to be maintained at the Amarillo Area Foundation for the benefit of Amarillo Independent School District high school graduates. The College will participate in the funding of this project with three other partners. Contributions from the College should not exceed \$3,500,000 and will be made over a six-year period. During 2024 and 2023 the College spent approximately \$12,000 and \$20,000, respectively.

On August 31, 2024, various claims involving the College were pending. While the ultimate liability with respect to litigation and other claims asserted against the College cannot be reasonably estimated at this time, this liability, if any, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

Note 15 - Disaggregation of Receivables And Payables Balances

Accounts Receivable

Accounts receivable at August 31, 2024 and 2023 were as follows:

		2024	2023
Student receivables	\$	3,053,403	\$ 2,788,585
Taxes receivable		1,161,950	1,051,816
Governmental grants and contracts		5,064,122	5,027,539
Other receivables		971,375	1,918,571
Subtotal		10,250,850	10,786,511
Allowance for doubtful accounts		(578,293)	(638,158)
Total Accounts Receivable, Net		9,672,557	\$ 10,148,353

Accounts Payable

Accounts payable at August 31, 2024 and 2023, were as follows:

	 2024		2023
Vendors payable	\$ 2,941,518	\$	2,019,568
Salaries and benefit payable	2,620,084		2,147,538
Interest payable	 1,539,113		182,990
Total Accounts Payable	\$ 7,100,715	\$ 4,350,09	

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 16 - Contract and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the American Institute of Certified Public Accountants (AICPA) Industry Audit Guide, *Audits of Colleges and Universities*. Revenues are recognized on Exhibit 2A, Schedule A, and Schedule C.

For federal and nonfederal contract and grant awards, funds expended, but not collected, are reported as accounts receivable on Exhibit 1A. For federal and nonfederal contract and grant awards, funds received, but not yet expended, are reported as deferred revenue on Exhibit 1A. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2024 and 2023 for which monies have not been received nor funds expended, totaled \$14,516,913 and \$15,006,712, respectively. Of these amounts, \$8,550,748 and \$8,195,866 were from federal contracts and grant awards, \$4,395,894 and \$4,091,984 were from state contract and grant awards, and \$1,570,271 and \$2,718,862 were from private contract and grant awards for the fiscal years ended 2024 and 2023, respectively.

Note 17 - Self-Insured Plans

The College does not participate in public entity risk pools. Claims and judgments are accounted for in accordance with GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues. Property and casualty risks are insured through insurance contracts. Workers' compensation risks are substantially covered by insurance. Health claims are fully covered by the state of Texas.

Note 18 - Health Care And Life Insurance Benefits

Certain healthcare and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was approximately \$625 and \$623 per month for the years ended August 31, 2024 and 2023, respectively, and totaled \$3,777,504 and \$3,536,992, respectively. The cost of providing those benefits for retirees in the years ended 2024 and 2023 was \$1,736,679 and \$1,748,135, respectively. For active employees, the cost of providing benefits was \$2,040,825 and \$1,788,853 for the years ended 2024 and 2023, respectively. Beginning September 1, 2013, S.S. 1812 limited the state's contribution to 50% of eligible employees for community colleges.

Note 19 - Post-Employment Benefits Other Than Pensions (OPEB) - Employee Retirement System of Texas

Plan Description

The College participates in a cost-sharing, multiple employer, other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least ten years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 19 - Post-Employment Benefits Other Than Pensions (OPEB) - Employee Retirement System of Texas (continued)

OPEB Plan Fiduciary Net Position

Detailed information about the SRHP's fiduciary net position is available in the separately issued ERS Annual Comprehensive Financial Report that includes financial statements, notes to the financial statements and required supplementary information. That report may be obtained on the Internet at https://ers.texas.gov/about-ers/reports-and-studies/gasb-requirements or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377. The fiduciary net position of the plan has been determined using the same basis used by the OPEB plan.

Benefits Provided

Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

	2024	2023		
Retiree only	\$ 625	\$	625	
Retiree & Spouse	1,340.82		1,339.90	
Retiree & Children	1,104.22		1,103.58	
Retiree & Family	1,820.22		1,818.66	

Contributions of premiums to the GBP plan for the current and prior fiscal year by source is summarized in the following table:

	 2024	2023			
Employers	\$ 1,998,036	\$	2,007,317		
Members (employees) Nonemployer Contributing	-		-		
Entity (State of Texas)	3,536,988		3,536,988		

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 19 - Post-Employment Benefits Other Than Pensions (OPEB) - Employee Retirement System of Texas (continued)

Actuarial Assumptions

The total OPEB liability in the August 31, 2023 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Valuation date August 31, 2023

Actuarial cost method Entry Age

Amortization method Level Percent of Pay, Open

Remaining amortization period 30 years

Asset valuation method N/A

Discount rate 3.81%

Projected annual salary increase (includes inflation) 2.30% to 8.95%

Annual healthcare trend rate 5.60% for FY2025, 5.30% for FY2026, 5.00% for

FY2027, 4.75% for FY2028, 4.60% for FY2029, decreasing 10 basis points per year to an ultimate

rate of 4.30% for FY2032 and later years.

Inflation assumption rate 2.30% Ad hoc postemployment benefit changes None

The mortality assumptions used in the valuation were as follows:

State Agency Members:

- a. Service Retirees, Survivors and other Inactive Members (Regular, Elected, CPO/CO and JRS I and II Employee Classes): 2020 State Retirees of Texas Mortality table with a 1 year set forward for male CPO/CO members. Generational mortality improvements in accordance with the Ultimate MP-2019 Projection Scale are projected from the year 2020.
- b. Disability Retirees (Regular, Elected, CPO/CO and JRS I and II Employee Classes): 2020 State Retirees of Texas Mortality table set forward three years for males and females. Generational mortality improvements in accordance with the Ultimate MP-2019 Projection Scale are projected from the year 2020. Minimum rates of 3.0% and 2.5% apply at all ages for males and females, respectively.
- c. Active Members: Pub-2010 General Employees Active Member Mortality table for non-CPO/CO members. Pub-2010 Public Safety Active Member Mortality table for CPO/CO members. Generational mortality improvements in accordance with the Ultimate MP-2019 Projection Scale are projected from the year 2010.

Higher Education Members:

a. Service Retirees, Survivors and other Inactive Members

Tables based on TRS experience with Ultimate MP-2021 Projection Scale from the year 2021.

b. Disability Retirees -

Tables based on TRS experience with Ultimate MP-2021 Projection Scale from the year 2021 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members.

c. Active Members -

Sex Distinct Pub-2010 Amount-Weighted Below-Median Income Teacher Mortality with a 2-year set forward for males with Ultimate MP-2021 Projection Scale from the year 2010.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 19 - Post-Employment Benefits Other Than Pensions (OPEB) - Employee Retirement System of Texas (continued)

Investment Policy

The SRHP is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The ERS's Board of Trustees amended the investment policy statement in August 2022 to require that all funds in the SRHP be invested in cash and equivalent securities. The expected rate of return on these investments is currently 4.1%, in line with the prevailing returns on 90-day US treasury bills.

Discount Rate

Because the SRHP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bond rates. The discount rate used to determine the total OPEB liability as of the end of the measurement year was 3.81% to reflect the requirements of GASB 75. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA rating. Projected cash flows into the SRHP are equal to projected benefit payments out of the plan. Because SRHP operates on a pay-as-you-go basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis

The following schedule shows the impact on the College's proportionate share of the collective net OPEB liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used 3.81% and 3.59% for 2023 and 2022, respectively in measuring the net OPEB Liability.

2024

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2024 and 2023, the College reported a liability of \$54,092,618 and \$54,092,619, respectively, for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State OPEB support provided to the College. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follows:

	2024	 2023	
District's Proportionate Share of the Collective Net OPEB Liability	\$ 51,908,803	\$ 54,092,618	
State's Proportionate Share that is Associated with District	 31,688,170	 34,171,758	
Total	\$ 83,596,973	\$ 88,264,376	

The net OPEB liability was measured as of August 31, 2023 and 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of those dates. For the August 31, 2024 and 2023 OPEB liability, the College's proportionate share was based on the College's contributions for employees and retirees to the OPEB plan relative to the contributions of all employers to the plan. The College's proportion of the collective net OPEB liability from its proportion measured at August 31, 2023, was 0.1943% which was an increase of 0.0044% from its proportion measured as of August 31, 2022 of 0.1899%. Changes, if any, to the current methodology or actuarial assumptions being utilized by ERS, could result in significant changes in accounting and financial reporting in future periods.

For the fiscal year ended August 31, 2024, the College recognized OPEB expense of (\$3,196,655) and revenue for support provided by state and federal sources of (\$9,404).

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 19 - Post-Employment Benefits Other Than Pensions (OPEB) - Employee Retirement System of Texas (continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (continued)

At August 31, 2024 and 2023, the College reported its proportionate share of the ERS plan's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

2024

	2024							
		red Outflows of	Deferred Inflows o					
		Resources		Resources				
Differences between expected and actual economic experience	\$	-	\$	(1,373,016)				
Changes in actuarial assumptions		1,731,621		(16,211,812)				
Difference between projected and actual investment earnings		4,194		-				
Changes in proportion and difference between the employer's								
contributions and the proportionate share of contributions		6,298,493		(904,533)				
Contributions paid to ERS subsequent to the measurement date*		1,998,036		-				
Total	\$	10,032,344	\$	(18,489,361)				

	2023				
	Deferred Outflows of			erred Inflows of	
	Resources			Resources	
Differences between expected and actual economic experience	\$	-	\$	(1,706,687)	
Changes in actuarial assumptions		3,178,157		(16,720,542)	
Difference between projected and actual investment earnings Changes in proportion and difference between the employer's		9,330		-	
contributions and the proportionate share of contributions		6,643,385		(2,871,412)	
Contributions paid to ERS subsequent to the measurement date*		2,007,317		<u> </u>	
Total	\$	11,838,189	\$	(21,298,641)	

Deferred outflows of resources resulting from College contributions subsequent to the measurement date in the amount of \$1,998,036 will be recognized as a reduction of the net OPEB liability in the year ended August 31, 2025.

The net amounts of the College's balances of deferred outflows and inflows of resources related to OPEB, other than deferred outflows of resources for contributions made subsequent to the measurement date of the net OPEB liability, will be recognized in expense as follows:

Year Ended August 31:	_	
2025	\$	(2,720,204)

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 20 - Ad Valorem Tax

The College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and personal property located in the taxing jurisdiction.

At August 31,	2024	2023			
Assessed Valuation of the District					
(at January 1, 2023 and 2022)	\$ 29,799,569,673	\$	26,404,886,284		
Less: Exemptions	(6,003,410,923)		(4,957,773,719)		
Net Assessed Valuation of the District	\$ 23,796,158,750	\$	21,447,112,565		

Taxes levied for the year ended August 31. 2024 and 2023, were approximately \$41.1 million and \$37.5 million, respectively, (which includes penalty and interest assessed and adjustments, if applicable). Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

At August 31,	2024					2023

per enabling legislation)	0.20000	0.50000	0.70000	0.20000	0.50000	0.70000					
Assessed tax rate per											
\$100 valuation	0.15893	0.06138	0.22031	0.15913	0.06410	0.22323					

Tax collections for the year ended August 31, 2024 and 2023, were 99.92% and 99.91%, respectively, of the current tax levy. Allowance for uncollectible taxes is based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking fund expenditures.

Note 21 - Tax Abatements

The College receives reduced property tax revenues as a result of exemptions granted by the City of Amarillo. The exemptions are intended to promote economic development in the Amarillo area. For the fiscal year ended August 31, 2024, the College's property tax revenues were reduced by \$331,047 in incentive payments and \$87,955 in property tax rebates under these exemptions.

During the fiscal year, the College entered into a new tax abatement agreement with Sage Oil Vac, Inc. There was no financial impact to the College during fiscal year 2024 related to this agreement.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 22 - Branch Campus Maintenance Tax

A branch campus maintenance tax that is established by election is levied by Moore County and Hereford Independent School District. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Collections are transferred to the College to be used for operation of a branch campus in Dumas, Texas, and Hereford, Texas. This revenue is reported under local grant contracts. Collections in fiscal years 2024 and 2023 (including penalties and interest) from Moore County totaled approximately \$1,392,811 and \$1,217,203, respectively, and from Hereford Independent School District totaled approximately \$1,044,700 and \$941,274, respectively.

Note 23 - Related Parties

The Amarillo College Foundation, Incorporated (the Foundation) is a nonprofit organization with the primary purpose of supporting the educational and other activities of various entities, including the College. The Foundation solicits donations and awards scholarships, including substantial scholarships to students not attending the College.

The Foundation remitted restricted gifts of approximately \$762,000 and \$480,000 to the College during the years ended August 31, 2024 and 2023, respectively. During the fiscal year, the College furnished certain services, such as office space, utilities, and some staff assistance, to the Foundation. The amount of such services provided by the College has not been determined.

Note 24 - Restatement - Correction of Error

During the year, the College inadvertently improperly recorded funds held for others. Presented in accordance with GASB Statement No. 100, Accounting Changes and Error Corrections—an Amendment of GASB Statement No. 62, the College had the following prior period adjustments:

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION Year Ended August 31, 2024

1. Schedules for Pensions - Net Pension Liability

Changes Since Prior Actuarial Valuation

The following assumptions have been updated since the previous valuation to reflect recent plan experience and expected trends:

- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- Proportion of future female retirees assumed to be married and electing coverage for their spouse.
- Proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the Opt-Out Credit at retirement.
- Percentage of Higher Education vested terminated members assumed to have terminated less than one year before the valuation date.
- Assumed per capita health benefit costs, and health benefit costs and retiree contribution trends have been
 updated since the previous valuation to reflect recent health plan experience and its effects on short-term
 expectations.
- Annual rate of increase in the Patient-Centered Outcomes Research Institute (PCORI) fee payable under the Affordable Care Act has been updated to reflect recent health plan experience and its effects on our short-term expectations.
- Assumed expenses directly related to the payment of GBP HealthSelect medical benefits have been updated to reflect recent contract revisions.
- The discount rate was changed from 2.20 percent to 2.14 percent as a result of requirements by GASB Statement 75 to utilize the yield or index rate for 20-year, tax-exempt general obligation bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.
- Minor benefit revisions have been adopted since the prior valuation. These changes, which are not expected to
 have a significant impact on plan costs for FY2022, are provided for in the FY2022 Assumed Per Capita Health
 Benefit Costs. There were no benefit changes for HealthSelect retirees and the dependents for whom Medicare
 is primary.

Actuarial assumption changes are described in TRS's Annual Comprehensive Financial Report and the TRS Actuarial Valuation Report for the year ended August 31, 2023, which can be accessed at https://www.trs.texas.gov/Pages/about_publications.aspx .

2. Schedules for Other Post-Employment Benefits (OPEB) - Net OPEB Liability

Changes Since Prior Actuarial Valuation

The following changes since the prior actuarial valuation affected the measurement of the amounts reported in the required supplementary schedules:

 Demographic assumptions since the last valuation was prepared for this plan (including rates of retirement, disability, termination, and mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the TRS Trustees. These new assumptions were adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.

In addition, the following assumptions have been updated since the previous valuation to reflect recent plan experience and expected trends:

- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare
 Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest
 date at which coverage can commence.
- Proportion of future retirees assumed to cover dependent children.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

Year Ended August 31, 2024

1. Schedules for Other Post-Employment Benefits (OPEB) - Net OPEB Liability (continued)

- Proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees
 expected to receive the Opt-Out Credit at retirement.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been
 updated since the previous valuation to reflect recent health plan experience and its effects on our short-term
 expectations.
- The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act has been updated to reflect the most recent available information.
- The discount rate was changed from 2.14% to 3.59% as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax-exempt general obligation bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Actuarial assumption changes are described in ERS's Annual Comprehensive Financial Report and the ERS Actuarial Valuation Report for the year ended August 31, 2023, which can be accessed at https://ers.texas.gov/about-ers/reports-and-studies/gasb-requirements.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended August 31, 2024

Note 1 - Federal Assistance Reconciliation

A reconciliation of federal financial assistance per the schedule of operating revenues and nonoperating revenues to the Schedule of Expenditures of Federal Awards is as follows:

Federal grants and contracts revenue, Operating Schedule A	\$ 27,879,594
Federal grants and contracts revenue, Non-Operating Schedule C	410,032
Federal Direct Student Loans	9,166,143
Total Federal Revenues Per Schedule of Expenditures of Federal Awards	\$ 37,455,769

Note 2 – Significant Accounting Policies Used in Preparing The Schedule

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule. The College did not use the 10% de minim us rule allowed by Uniformed Guidance section 200.414.

Note 3 - Federal Student Loan Program

The College participates in Federal Direct Student Loans program (ALN 84.268). Loans under the Federal Direct Student Loans program are made directly by the federal government to students. Loans disbursed during the fiscal year ended August 31, 2024 totaled \$9,166,143 and are presented as current year federal expenditures.

Note 4 - Amounts Passed-Through By Amarillo College

U.S. Department of Education

Passed through Texas Higher Education Coordinating Board (ALN 84.002)

Clarendon College \$107,010

Note 5 - Noncash Awards

There were no federal noncash awards in fiscal year 2024 other than Federal Direct Student Loans discussed in Note 3 above.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Regents Amarillo College

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Amarillo College (the "College"), as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 19, 2024. The financial statements of the Foundation were not audited in accordance with Government Auditing Standards, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Foundation.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Board of Regents Amarillo College

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS GRANT MANAGEMENT STANDARDS

To the Board of Regents Amarillo College

Report on Compliance for Each Major Federal and State Program

Opinion On Each Major Program

We have audited Amarillo College's (the "College") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the College's major federal and state programs for the year ended August 31, 2024. The College's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College's complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2024.

Basis for Opinion On Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (GAS); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the Texas Grant Management Standards (TxGMS). Our responsibilities under those standards, the Uniform Guidance, and the TxGMS are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the College's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance and TxGMS will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, the Uniform Guidance and the TxGMS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit
 procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the
 College's compliance with the compliance requirements referred to above and performing such other procedures as
 we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances and to test and report on internal control over compliance in
 accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the
 College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

To the Board of Regents Amarillo College

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and TxGMS. Accordingly, this report is not suitable for any other purpose.

STATISTICAL SUPPLEMENT

STATISTICAL SUPPLEMENT (UNAUDITED)

This part of Amarillo College District's annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

The information contained within this section is being presented to provide the reader with a better understanding of five objectives:

- Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.
- SS1 Net Position by Component
- SS2 Revenue by Source
- SS3 Program Expenses by Function
 - Revenue Capacity Assessing the District's ability to generate revenue by examining its major revenue sources.
- SS4 Tuition and Fees
- SS5 Assessed Value and Taxable Assessed Value of Property formerly SS10
- SS6 State Appropriation per FTSE and Contact Hour
- SS7 Principal Taxpayers
- SS8 Property Tax Levies and Collections
 - Debt Capacity Assessing the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.
- SS9 Ratios of Outstanding Debt
- SS10 Legal Debt Margin Information
- SS11 Pledged Revenue Coverage
 - Demographic and Economic Information Providing demographic and economic indicators to help in understanding the environment within which the District's financial activities take place.
- SS12 Demographic and Economic Statistics Taxing District
- SS13 Principal Employers
 - Operating Information Providing information about how the District's financial report relates to the services it provides and the activities it performs.
- SS14 Faculty, Staff, and Administrator Statistics
- SS15 Fall Enrollment Details
- SS16 Student Profile
- SS17 Transfer to Senior Institutions
- SS18 Capital Assets Information

Sources: Unless otherwise noted, the information in these schedules is derived from the annual financial reports for the relevant year.
