Course Description: This researched and evidence-based program is equivalent to our 6-hour classroom course and is most often required for persons who have been convicted of and/or placed on probation for Shoplifting or for some other Theft offense. It is designed to help offenders increase their knowledge of shoplifting and other forms of theft and how these offenses affect everyone, to identify the motives and triggers for committing these offenses, to learn how our behaviors are influenced by values and attitudes, to learn the consequences of their behavior, to obtain remediation skills to stop the temptation to shoplift or steal, and to recognize that shoplifting and theft are not “victimless” crimes.

The classroom course is usually the best option for learning this material and is recommended. However, there are circumstances (location/distance, health, work schedule, transportation, etc.) when the Home Study version is appropriate. To take the Shoplifting/Other Theft Program for Home Study course, you must meet the conditions outlined on the reverse of this form.
