

Colleague

My Colleague session is stuck, who do I call?

Send an email to DL-Programming@actx.edu and someone will close that session. Once the session is closed, please log out of your Colleague session. If you are unable to log out, click the red x in the upper right-hand corner of your browser. Once you have closed your browser, please log back into Colleague.

Unique solution ID: #1028
