

Medical Laboratory Technology

(Revised 8-15-2011)

Websites

[American Medical Technologists](#)—selected internet links selected by the professional organization covering areas of professional interest.

[Phlebotomy Internet Resources and Med/Lab Technology](#)—Austin Community College's truly unique list of links to activities designed to aid students in increasing their ability to master the requirements for the Med Lab Tech program. Be sure to use their "Online Activities" link.

[The Internet Pathology Laboratory for Medical Education](#) —includes over 1900 images along with text, tutorials, laboratory exercises, and examination items for self-assessment that demonstrate gross and microscopic pathologic findings associated with human disease conditions. Explore their links!

[National Credentialing Agency for Laboratory Personnel](#)—“is the premier peer-established agency providing practice-driven credentials for laboratory professionals”.

[American Society for Clinical Pathology](#)—information for technologists and technicians.

[Blood borne Pathogens and Needle stick Prevention](#)—OSHA standards for safety in the workplace.

[How to read a research article](#)—article in *Journal for Specialists in Pediatric Nursing* advises clinicians how to read a research article.

[Chemical Hazards Emergency Medical Management](#) - CHEMM is produced by the U.S. Department of Health and Human Services in cooperation with the National Library of Medicine. This resource is downloadable in advance, so that it can be available during an event if the internet is not accessible. The purpose is to enable first responders, first receivers, other healthcare providers, and planners to plan for, respond to, recover from, and mitigate the effects of mass-casualty incidents involving chemicals.

[Electron Microscopy Methods and Protocols](#) Hajbacheri, M.A.Nasser. Totowa, N.J.: Humana Press, 1999.

[Culture of Epithelial Cells](#) Freshney, R. Ian; Freshney, Mary G. New York: John Wiley

Print Books

Librarians can help students identify suitable books for assignments. You can save time by seeking their assistance.

Washington Street Campus

Walk-in assistance: Go to the second floor of Lynn Library. Use the telephone located on the small table near the main computer sign-in desk to call the research help number, which is posted. The librarian on duty will respond.

Assistance by appointment: Call 371-5403 or 345-5582 to make an appointment for uninterrupted individual help.

Assistance by telephone: Call 371-5468 or toll-free 866-371-5468.

West Campus

Note: The West Campus Library specializes in nursing, allied health, criminal justice, child development, and mortuary science.

Walk-in assistance: Go to the AC area of the Amarillo Public Library Northwest Branch, which is located in the southeast corner of the AC West Campus (closest to Bell Street). (The AC area is located in the back right-hand corner of the building.) The AC librarian on duty will assist you. You will need a valid library card to check out a book. Call 371-5400 for information about how to obtain a library card.

Assistance by telephone: Call 356-3627.
