To Our Students

MESSAGE FROM PRESIDENT DR. RUSSELL LOWERY-HART

At Amarillo College, our core purpose is to help students achieve their educational goals. We know campus safety is an integral part of our students' success. Thankfully, each day the dedicated Amarillo College Police strive to create safe learning and working environments on all nine of our campuses.

Amarillo College police officers work across the college to educate our students, faculty, and staff about crime prevention, personal safety, and shared responsibility. Working together, we all help maintain personal and campus safety across the college.

We are all committed to your safety. Please help by remaining attentive and aware of surroundings. Report any suspicious behavior to the Amarillo College Police Department (non-emergency 806-371-5163 or emergency 806-371-5911). When we all remain observant and protective of each other, we will continue to ensure the stellar record of safety throughout our Amarillo College community.

Respectfully,

Dr. Russell Lowery-Hart, President
Amarillo College

MESSAGE FROM INTERIM CHIEF OF POLICE SCOTT ACKER

Each August, Amarillo College welcomes a diverse group of students. Some are recent graduates of high school and are beginning their studies towards an Associate Degree and moving onto a Bachelor's Degree. Some students are pursuing education and training in technical fields that will lead to certification and employment in their selected career paths. While others are looking to change their careers with new skills and education. Whatever your goals are, Amarillo College Police Department is here to provide you with a safe and secure learning environment.

Amarillo College is comprised of highly-educated faculty and a strong professional staff that supports the mission of the college. The police department is no exception. Our personnel meet the Texas Commission on Law Enforcement (TCOLE) requirements as licensed Texas Peace Officers and Telecommunicators. Many of our officers carry higher levels of certifications. The College is very selective in hiring police officers to work on the campuses and reflect the community they serve. Our officers range from many years to just a few years of law enforcement experience. They have a strong sense of community service and provide a culture of caring to the Amarillo College community.

Although Amarillo College has a well-trained and professional police department to keep you safe, your safety begins with you. We offer many services, as well as several awareness programs. Be aware of your surroundings and if you see suspicious activity or feel unsafe please notified us immediately. In case of an emergency call 5911 on any college phone. For non-emergency situations call 5163 from any college phone. If calling from cell phone and other phone dial 371-5911 for an emergency or 371-5163 for all other. True safety is a partnership. Let's work together to keep our campuses safe.

Scott Acker, Interim Chief of Police
Amarillo College

Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, 20 U.S.C. # 1092 (F) as amended (the “Clery Act”) is a federal law requiring all institutions of higher education receiving federal financial assistance authorized under Title IV of the Higher Education Act of 1965 to disclose certain timely and annual information about campus crime and security policies. The Clery act, named in memory of a Lehigh University freshman who was assaulted and murdered in her residence hall room in 1986, specifically requires institutions of higher learning to prepare, publish, and distribute a report concerning campus crime statistics and security policies on an annual basis through appropriate publications, mailings or computer networks to all current students and employees, and all prospective students and prospective employees.

The Amarillo College Police Department has the responsibility to report certain crime statistics to the Department of Education. Additionally, the department must also comply with other state and federal reporting mandates. There is a vast difference in reporting requirements between the Clery report and other state and federal crime statistics reporting mandates, Clery reporting requires the reporting of student disciplinary referrals that are not required by either state or federal law enforcement. Clery also mandates the collection of crime data from non-law enforcement personnel identified as “Campus Security Authorities.”

The information is divided into groups based upon the type of crime being reported and the areas where the incident occurred.

- **“On Campus”** is defined as any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls. This also includes any building or property that is within or reasonably contiguous to the geographic area that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as food or other retail vendor).
- **“Non-Campus”** is defined as any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution. This also includes any building or property owned or controlled by a student organization that is officially recognized by the institution.
- **“Public Property”** is defined as all public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

EXCLUDED CRIMES

Reported to the Proper Authorities – The incident must be reported to law enforcement or a person who, according to the Clery Act, is defined as a Campus Security Authority. A person designated as a Campus Security Authority does not only mean a person employed by Amarillo College. The term is applied to a person who works for the College in a paid or volunteer status and has significant responsibility for student activities.

- **Listed Crimes** – The crimes must be one of those listed in the Clery Act as a reportable crime;
Homicide, Manslaughter, Forcible sex offenses, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Hate Crimes, Liquor, Drug, Weapons, Domestic Violence, Dating Violence, and Stalking
- **Reportable Area** – The crime must have occurred in one of the reportable areas. Every reportable crime occurring within the boundaries of our campuses is a reportable crime. Perimeter streets are described in the following: “Sidewalk – Street – Sidewalk”. This means that a reportable crime occurring on the sidewalk on either side of the perimeter street is reportable. As are incidents occurring in the street. But an incident occurring in a privately owned building on the distant side of the perimeter street would not be included.
- **Made in Good Faith** – For an incident to be included there must be a determination that the report is made in good faith. Supporting evidence makes this determination easy, but such evidence is not always available, in such a case the credibility of the person making the report is considered. When an incident is reported by another law enforcement agency, we assume this determination has been made.
- **Unfounded** – In the case of a particular incident, law enforcement determines that the incident could not have occurred or did not occur, i.e., a false report, the crime would not be included in the Annual Report.

SEX OFFENDER REGISTRY

In accordance with the “Campus Sex Crimes Prevention Act” of 2000 and the Jeanne Clery Act, Amarillo College provides a link on the front of the Annual Security Report so that you can access the Texas State Sex Offender Registry. The “Campus Sex Crimes Prevention Act” of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled, or employed at, institutions of higher education. Amarillo College Police Department will maintain a current list of registered sex offenders attending or working for Amarillo College. This list is maintained at the College Police Department located in Durrett Hall.

Amarillo College is not prohibited from disclosing information provided to the institution concerning registered sex offenders. Registry information is provided for general public safety. A person is authorized to use this information only to protect him/herself or a child who may be at risk. To release this information to the public is meant to assure public protection, not to punish the offender. It is illegal to use information obtained through the website or from the college police department to commit a crime against an offender or to engage in discrimination or harassment against a registered sex offender. Anyone who uses this information to commit a criminal act against another person is subject to criminal prosecution and civil action.

DAILY CRIME LOG

Each day the Amarillo College Police Department compiles a “Daily Crime Log” that is available to the public. This summary identifies the type, location, time and date the crime was reported to the college’s police department. You may view a printed copy of this report at the Amarillo College Police Department on Washington Street Campus in Durrett Hall.

Emergency Notifications

In order to safeguard the campus community, to increase awareness, and to meet our timely warning commitments (subject to the availability of accurate information), campus Crime Alerts shall be distributed as soon as possible following a reported incident. The circumstances of any particular situation coupled with the Amarillo College Police Department evaluation of the situation and threat potential will dictate the need and manner for the issuance of a Crime Alert bulletin.

However, in general, whenever there has been a report of a violent crime or a major property crime on any campus and the Amarillo College Police Department along with the Threat Response Team or member of that team are of the opinion that the safety of the campus community is at risk, a Crime alert will be issued.

TIMELY WARNINGS

In the event a situation arises, either on campus or off campus, that, in the judgment of the Threat Response Team, Amarillo College Police Department or designated College Officials constitutes an ongoing or continuing threat and/or a Clery Act reportable crime, a campus wide “timely warning” will be issued. The warning will be issued through the college notification system. Timely warnings will be issued on a case-by-case basis in light of all facts surrounding a crime, including factors such as: the nature of the crime and the danger to the college community. The intent of the warning regarding criminal incidents(s) is to enable the college community to protect themselves. A timely warning will be issued when needed and as soon as the pertinent information is available. Timely warnings will not be issued in a manner or posted in a location that requires the college community to make request for them or search for them.

Timely warnings can be issued for threats to persons or property and any Clery Act crime that occurs on Amarillo College property that is: reported to College police or local city/county law enforcement and is considered by Amarillo College Officials to represent a serious or continuing threat to students and employees.

Anyone with information warranting a timely warning should report the circumstances to the Amarillo College Police Department, by phone at 371-5911 or 371-5163 or in person to any officer or to the dispatch center in Durrett Hall

TESTING EMERGENCY NOTIFICATION

The Amarillo College emergency response procedures are tested, at minimum, on an annual basis. Other tests are conducted as needed or scheduled. The test will include drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. Any test conducted may or may not be announced in advance. Amarillo College will publicize its emergency response and procedures in conjunction with the annual test. This publication will be outlined on the Amarillo college website. Each test will be monitored by the Threat Response Team, Amarillo College Police Department or designated college officials. All test will be documented and contain a description of the exercise, date the test was held, time started and ended and whether the test was announced or unannounced. As with all Clery - related documentation, Amarillo College maintains the emergency test documentation for seven years.

EVACUATIONS

The decision to evacuate during an emergency in which there is an immediate threat to the Amarillo College Community will be made by the Amarillo College Police Department or a designated campus administrator based on the circumstances or when the fire alarm sounds. Evacuation of college buildings and/or campuses not immediately impacted by an emergency incident will be determined by the College President, or designee. If a building evacuation occurs, every office suite, functional area, and classroom should have a specific predetermined area where Amarillo College employees and students meet to check in with the supervisor/instructor once they have evacuated. The Amarillo College Police Department should be notified of suspected missing persons so a search can be made.

- Walk to the nearest exit and advise others to do the same.
- Evacuate to a distance of at least 200 yards from the affected area.
- Keep streets, fire lanes, hydrant areas, and walkways clear for emergency vehicles and personnel.
- Do not return to an evacuated building unless told to do so by a college official.
- In case of fire, do not use elevators!!!

Individuals with disabilities will face a variety of challenges in evacuating, depending on the nature of the emergency.

- People with a mobility disability may need assistance leaving a building without a working elevator.
- Individuals who are blind or who have limited vision may no longer be able to independently use traditional orientation and navigation methods.
- An individual who is deaf may be trapped somewhere unable to communicate with anyone because the only communications relies on sound.

Amarillo College faculty, staff and students will ensure that all persons with disabilities or special needs are evacuated to designated shelter areas or assembly points first, along with other students and visitors.

Amarillo College procedure requires all persons in a facility to evacuate anytime the fire alarm system is activated or in case of any emergency that requires the building to be evacuated. Persons with disabilities may not be able to evacuate unassisted; therefore they should inform another person that assistance may be necessary during an evacuation. Remember individuals with disabilities are unique:

- Listen to the individual.
- He/she is the expert regarding their disability.
- Always ask the individual before attempting to move them.
- Ask if there are any special considerations or items that need to come with him/her during the evacuation.

There are persons with "hidden" disabilities that may need assistance, including, but not limited to health or psychiatric disabilities. Some individuals may utilize assistance animals. When possible keep them together. Persons with disabilities that limit mobility may be defined as anyone who uses a cane, crutches, or wheelchairs or who has a slower mobility due to illness or injury. Also, persons of limited vision and hearing may need assistance to evacuate. If you are unable to assist a person with disabilities in evacuating a building, notify the Amarillo College Police Department and provide a specific location and description of the person needing assistance.

If you are in a building that is being evacuated, first you need to remain calm, move quickly (not run), and follow directions if given by Police, Fire, EMS, or faculty. Go to the nearest parking lot and conduct a head count to make sure everyone is accounted for.

Campus Security Authorities

Although every institution wants its campus community to report criminal incidents to law enforcement, we know that this doesn't always happen. A student who is a victim of a crime may be more inclined to report it to someone other than the college police. For this reason, the Clery act requires all institutions to collect crime reports from a variety of individuals and organizations that Clery considers to be "Campus Security Authorities."

Under Clery, a crime is "reported" when it is brought to the attention of a campus security authority or college police personnel by a victim, witness, or other third party or even the offender. If a campus security authority receives the crime information and believes it was provided in good faith he or she must document it as a crime report. In "good faith" means there is a reasonable basis for believing that the information is not simply rumor or hearsay. That is, there is little or no reason to doubt the validity of the information.

The Amarillo College Police Department reviews report forms and makes a determination of if an incident warrants a timely warning / emergency notification of the college community and whether it is a reportable crime in the Annual Security Report. College police will consolidate crime data from multiple sources, report qualifying crime data to the Department of Education, publish campus ASR's and inform the college community when the ASR's are available.

Campus Security Authorities do not investigate nor are they responsible for determining authoritatively whether a crime took place. They are merely taking a report on the victim's behalf.

Sexual Assault, Domestic Violence, Dating Violence, Stalking

All forms of sexual assault, dating violence, domestic violence, and stalking are strictly prohibited and will be investigated by the police department and/or the Amarillo College Student Affairs Office or Title IX Coordinator.

It is the policy of Amarillo College to provide a campus environment free of sexual harassment, sexual violence, and other behaviors of a sexual nature that are hostile, unwelcoming or intimidating.

The college prohibits a wide range of verbal and physical behaviors, ranging from unwanted sexual comments to rape and acquaintance rape. Consent is a critical factor that distinguishes acceptable sexual behavior from unacceptable sexual behavior. Consent is a clear, knowing and voluntary permission by words or action to engage in mutually-agreed upon sexual activity. Consent is communicated through mutually-understandable words or actions that indicate willingness by all of the involved parties to engage in the same sexual activity, at the same time and in the same way. Clear and open communication is an essential element to conveying and understanding consent. Ideally, consent is given verbally; however, consent (or lack of consent) also may be expressed through gestures and body language. Consent cannot be freely given if the person's ability to understand and give consent is impaired. Examples of those who cannot give consent include but are not limited to:

1. The individual is under the age of 17 and is not the spouse of the actor;
2. The individual is unconscious;
3. The individual is impaired due to ingestion of a substance such as drugs or alcohol;
4. The actor compels another to submit to or participate in a sexual act by using physical force or violence against the other person or by threatening to use force or violence against another person;
5. The other person has not consented to the sexual act with the actor and the actor knows the other person is unaware that the sexual act is occurring;
6. The other person is mentally impaired or has a mental disability; or
7. The actor has misrepresented or concealed his or her true identity to the individual.

Silence does not equal consent. Additionally, consent to one form of sexual activity does not necessarily imply consent to other forms of sexual activity. Similarly, a prior sexual history or dating history between the participants does not constitute consent. Consent may be given for specific activities and not for others. Once consent is withdrawn, the sexual activity occurring must cease.

Victims of sexual assault, are strongly encouraged to report the incident to the Amarillo College Police Department immediately. It is the policy of the department to conduct investigations of all sexual assault complaints with sensitivity, compassion, patience, and respect for the victim. Investigations are conducted in accordance with guidelines established by the Texas Penal Code, and the Code of Criminal Procedure.

All information and reports of sexual assault are kept strictly confidential. In accordance with the Texas Code of Criminal Procedures, Art. 57, victims may use a pseudonym to protect their identities. A pseudonym is a set of initials or fictitious name, chosen by the victim to be used in all public files and records concerning the sexual assault. The victims of sexual assault are not required to file criminal charges or seek judicial actions through the college's disciplinary process. However, victims are encouraged to report the assault in order to provide the victim with physical and emotional assistance.

Amarillo College Police Department officers are available to all victims to provide information about personal safety, Texas Crime Victims' Rights, Texas Crime Victims Compensation Fund, and other information upon request. The office of Vice President of Student Affairs, the Title IX Coordinator, and the Advocacy Resource Center of Amarillo College can assist victims

of sexual assault, sexual violence, stalking, domestic violence, dating violence, or other crimes with accessing medical or counseling services, advocacy services, social support services, legal service, and police services. Even in the absence of a formal complaint, the college may be able to provide assistance to the complainant with respect to his or her academic, living, transportation, or working situations.

Reporting Crimes

Whenever a crime is reported, a uniformed police officer is dispatched to conduct the initial investigation, gathering information and seeking physical evidence.

The investigating officer attempts to determine the basic facts by questioning all persons involved in the incident as well as witnesses.

Basic and necessary information, including home address, telephone number, and date of birth, are obtained. Please bear in mind that the police officer, by asking detailed questions is attempting to solve the crime and apprehend the person(s) responsible.
