Student Clubs 101

Thank you for making the choice to be a Club Sponsor! All registered student organizations at Amarillo College are required to have a Sponsor/Advisor who is AC Faculty or Staff. The Student Life Office appreciates the time and energy that Sponsors dedicate to the student organizations, and we are always available to assist you in your role!

A Club Sponsor's primary concern should be to assist in the development of our students at the group and individual levels. Not only will a Sponsor be asked to meet the College's expectations, but also serve as friend, counselor, ally, and liaison to students. Student organizations provide an opportunity to utilize the knowledge students obtain in class and put that knowledge to work; an opportunity for them to develop leadership skills, ethical decision-making skills and creativity. The scope of an organization is determined in part by the Sponsor. They must decide the level of priority the organization will be given. Family commitments, time constraints, teaching load, research, community work, etc. are all considerations. Remember, not all years will be smooth sailing with student clubs! There may be a conflict among members, officers, and/or Sponsors. The organization may encounter a variety of difficult situations. A Sponsor should feel that the rewards are sufficient to merit the time and energy that is put forth for the organization. If you feel overloaded, have concerns about the direction the club is taking, or have issues of any kind, please let us know!

Expectations

Amarillo College Expectations of the Sponsor

- Do not accept the position of Sponsor or continue to serve as a Sponsor if you are not prepared to fulfill the expectations.
- Uphold the best interests of the College and Organization.
- Be currently and continually employed as full-time faculty or staff with supervisor approval.
- Do all that is possible to assure that the organization will take reasonable precaution in its activities, maintain state and college policies and regulations, and follow safety and liability precautions.
- Participate in the organization to the fullest extent without overpowering the students' abilities to make decisions for the organization.

- Participate in monthly Campus Council meetings to stay informed of current issues regarding student organizations.
- Provide all reporting and documentation required by the Student Life office.

Student Organization Expectations of the Sponsor

- Believe in the Organization and manifest the enthusiasm necessary to help the Organization reach its potential.
- Understand the Organization, be aware of its purposes, and assist in formulating goals.
- Assist in the development of procedures and methods for maintaining an effective Organization.
- Assist in matters of College procedures.
- Assist membership in improving leadership skills.
- Serve as a liaison with the College when necessary.
- Guide the Organization in planning activities and programs.
- Serve, as needed, as an arbitrator or impartial observer.
- Participate in the meetings and events of the organization to the greatest extent possible.
- Discourage domination of the group by an individual or small group.
- Provide long-term continuity within the group and be familiar with its history, including major changes in the Organization's program.
- Maintain meeting, membership, and financial records, and monthly reporting.

Sponsor Expectations of the Officers and Members

- Keep the Sponsor informed as to all organizational activities, meeting times, locations and agendas.
- Meet regularly with the Sponsor and discuss all plans and problems.
- Develop and use good records and sound financial procedures.
- Provide minutes of meetings, as well as any other materials that are sent to members.
- Make no commitments for the Sponsor without his/her consent.
- Make no financial commitments without written permission of the Sponsor and the Organization.
- Do not assume the Sponsor will continue to serve as Sponsor for the succeeding year unless the Sponsor has agreed to do so.

Sponsor's Level of Involvement

- The level of involvement of the Sponsor may depend on the Organization and its leaders. The Sponsor is required to attend all official meetings of the Organization. He/she should participate in an advisory capacity, allowing the students to run the meetings and actively make decisions and suggestions on behalf of the club. A Sponsor should facilitate discussion, offer objective points of view, present alternative solutions to problems and encourage the Organization and its leaders
- Attendance at events is also required, with some exceptions. Please visit with the Director of Student Life for specific details pertaining to your Organization and its activities. Attendance is an opportunity to show support and encouragement to the Organization. A Sponsor may be called upon to handle a crisis situation at an event. Sponsors should enter their position knowing that many extra hours are spent working with the Organization, their leaders, and events!
- Attendance at Campus Council meetings is strongly encouraged. Campus Councils are a way for organizations to communicate with one another and gain insight on what each other are doing. It also is a way for the Student Life office to meet face to face with Sponsors and provide any updates on procedures.

Suggestions for Maintaining an Effective Student Organization

Orientation and Training

Although most new officers have had experience within the Organization, there is a need for a structured training program. New members also need an orientation to the Organization. The Sponsor should encourage the Organization to develop these programs.

Professionalism

Every organization should develop and maintain a sense of professionalism. It is important that your students understand that as club members, they are representing Amarillo College to other students, staff and to the community.

Communication

Officers of the Organization should be encouraged to maintain open

communication with the members and Sponsor of the Organization. Effective methods for written and verbal communication should be taught and utilized.

Student Development

There must be opportunities for personal and educational development of the students who participate in the Organization. The Sponsor, because of experience, background, and education, should be a major resource in accomplishing student development.

Leadership

Sponsors should encourage members with leadership potential to seek leadership positions within the Organization. The Organization should be encouraged to participate in the Annual Leadership Retreat offered by the Student Life Office, Campus Council monthly meetings, and other leadership training programs.

Records

The Sponsor should encourage the Organization to maintain good records: minutes, agendas, scrapbooks, history, finances, etc.

Finances

Proper financial procedures should be followed and records kept by every student organization. All club funds should be kept in the Business Office in an Agency Account. Sponsors are not to keep cash in their offices, etc., and students should never be responsible for the handling of club funds. Student Treasurers, or appropriate positions, should oversee the budget for events, travel, etc., monitor the funds earned through fundraisers, and oversee the development of fundraising ideas for the Organization.

Petty Cash Advances – Only club sponsors can submit and receive petty cash advances. Student Life must sign off on all petty cash advances when using money from club agency accounts. Petty Cash Reimbursements should only be submitted for special circumstances.

Constitution

The constitution is the document that maintains the structure and procedures of the Organization. Sponsors should encourage the Organization to review and amend the constitution when necessary. When changes are made a copy must be submitted to the Student Life Office for approval by the Director.

Assisting Individual Members

Sponsors should encourage each member to participate in the Organization. To the extent possible, they should be aware of the academic strengths of the individual and assist in maintaining a balance between the academic and co-curricular aspects of college life. If your students are struggling financially or academically, please refer them to the proper college resources.

Operational Requirements

All clubs and organizations must maintain an active status in order to be recognized by the College. An active status is obtained by:

- Being recognized by Amarillo College
- Organization must consist of student membership
- Having an up to date constitution on file with Student Life
- Holding meetings on a regular basis, with a minimum of one meeting a month
- Submitting rosters for Student Life Transcripts
- Sponsor(s) completing yearly training
 - Risk Management Training;
 - Club Sponsor Training;
 - Both trainings will need to be completed by the end of the third week of the fall semester or by the end of the third week from the start of a new club being established; whichever comes first.
- Sponsor(s) submit Monthly Report to Student Life (reports do not affect the clubs' active status)

College Recognition

Each club and organization must be officially recognized by both the Student Life office and the College. College recognition does not constitute permission for the Organization to speak for the college, or for the student body. Actions proposed or viewpoints expressed must be identified as expressions of active members of the Organization only. Public statements of a political nature will not be made in the name of the College or any authorized club/organization.

Membership

Eligibility for Membership

Membership is governed by the constitution and bylaws of each club and organization, subject to the following limitations:

- Membership shall be confined to only the academically enrolled students of Amarillo College.
- Students must be in good academic standing and maintain a 2.0 GPA in order to hold membership in Amarillo College clubs and organizations. Each organization may stipulate higher standards in their constitution.
 - It is the responsibility of the Sponsor to verify eligibility requirements each semester. If a student becomes ineligible due to deficient GPA status, that student may petition the Sponsor to review their academic status at midterm, or end of the first 8 weeks for the Fall and Spring terms.
- Students who are on disciplinary probation are not eligible to participate in college-sponsored clubs or organizations, including student travel.

Non-Discrimination Policy

Amarillo College does not discriminate on the basis of sex, disability, age, race, color, religion, or national origin in its activities, employment, scholarship and loan programs, educational and admission policies, or other college-administered programs.

Constitution

A constitution is a necessary tool in order to smoothly run a student club or organization. The constitution outlines not only the mission or purpose of the Organization, but also the regulations for membership, meetings, and other vital information.

Meetings

Clubs and organizations must hold a meeting a minimum of once a month with the exception of summer months (May – August) and December. Sponsors must be present at every meeting, so it is essential to select meeting times based on both the Sponsor's and member's availability. Meetings should be conducted in a professional manner and be productive towards the objectives of the Organization. Minutes should be taken at every meeting, and those records should be kept for

two years. Official club meetings must occur at the appropriate campus where the club is represented.

Transcripts

Each semester the Student Life Office creates transcripts to show a student's involvement in Amarillo College clubs and organizations. It is the responsibility of each Sponsor to turn in a roster of the club members and their position within the club (President, Vice President, Treasurer, Secretary, or Committee Chair) to the Student Life Specialist in order for these transcripts to be created. Rosters are generally due at least one month prior to the end of the semester.

Club Sponsor Training

Club Sponsors are required to attend training on a yearly basis. This provides sponsors with the most up to date information regarding student club policies and procedures. Trainings are generally offered every Fall semester, but are also available as requested.

Monthly Report

The monthly report is essential for the Student Life Office to collect the data they need for student clubs and organizations. The monthly reports will be used to determine distribution of funds for the current year and award of funds for the following year. Information will include fundraiser expenses and profits, event attendees, meeting rosters, etc. The monthly report should be submitted by the 10th day of the following month. You can find the monthly report form at actx.edu/studentlife/club-sponsor-resources.

Events

Clubs and organizations are encouraged to hold a variety of events throughout the academic year to meet the mission of the organization. Student clubs/organizations and their members shall be expected to conduct all social functions and other activities in keeping with the regulations and ideals of the college as stated in the [Student Rights and Responsibilities](#) publication.

Also, for every event, the Activity Request form will need to be submitted to the Student Life office. The form may be found at actx.edu/studentlife/club-sponsor-resources. This form is vital in informing the Student Life office that your club is in fact active, and necessary for Student Life to be able to have accurate records of club involvement. Also, any event that is open to all students, not just members, will be added to the Student Life online calendar. No printing or

publicizing of events can be made until approval has been received from the Student Life Office.

After event approval, poster requests for events may be submitted to the Student Life Graphic Design Intern. The Intern will send a proof to you and YOU must respond to the email before the posters will be printed. The Poster Request form can be found online at actx.edu/studentlife/club-sponsor-resources.

Please view the Amarillo College Student Organization Posting Procedures on page 12 for information on marketing events.

Community Service

Student clubs and organizations are encouraged to complete community service or volunteer opportunities. This is not only beneficial for the personal development of club members but also to promote a key value of the College. Sponsors are required to attend Community Service activities with club members.

Fellowship

Fellowship events are those that are not held as a regular club meeting. For example, holiday parties, social gatherings off campus, and other activities to promote the relationships formed within the club or organization. Sponsors are required to attend Fellowship activities.

Travel

Other Events

There are a variety of other events that a club may host or participate in throughout the school year. For example, it is encouraged for clubs to host a table during Student Life Club Fairs, Fall Fest, and Badgerama. Clubs and organizations may also wish to hold events that are open to all students, not just their members. For example, campus spa days, study sessions, stress relievers before final exams, guest speakers or artists, etc.

Student travel is a College activity and therefore all college policies, procedures, and regulations apply for the duration of the trip. The Student Code of Conduct, as printed in the [Student Rights and Responsibilities](#) is in effect at all times while students are traveling. Although Sponsors accompany students, students are adults and are responsible for making wise decisions about their health and safety. However, students should consult the Sponsor(s) for guidance and **MUST** follow directives from the Sponsor(s).

Any instance of student travel, whether utilizing College funds or through personal or external funding, requires completion of a Request for Travel Authorization, found on the Forms page under AC Connect. The form should be forwarded to the Student Life Office after departmental signatures are obtained.
